The Chanel Sisters - Judithe Little 2020-12-29

A USA Today and Globe and Mail bestseller! A novel of survival, love, loss, triumph—and the sisters who changed fashion forever Antoinette and Gabrielle “Coco” Chanel know they’re destined for something better. Abandoned by their family at a young age, they’ve grown up under the guidance of nuns preparing them for simple lives as the wives of tradesmen or shopkeepers. At night, their secret stash of romantic novels and magazine cutouts beneath the floorboards are all they have to keep their

dreams of the future alive. The walls of the convent can’t shield them forever, and when they’re finally of age, the Chanel sisters set out together with a fierce determination to prove themselves worthy to a society that has never accepted them. Their journey propels them out of poverty and to the stylish cafés of Moulins, the dazzling performance halls of Vichy—and to a small hat shop on the rue Cambon in Paris, where a boutique business takes hold and expands to the glamorous French resort towns. But the sisters’ lives are again thrown into turmoil when World War I breaks out, forcing them to make irrevocable choices, and they’ll have to gather the courage to fashion their own places in the world, even if apart from each other. “The Chanel Sisters explores with care the timeless need for belonging, purpose, and love, and the heart’s relentless pursuit of these despite daunting odds. Beautifully told to the last page.” —Susan Meissner, bestselling author of *The Last Year of the War*

Life Class - Pat Barker 2009-01-06

In the spring of 1914, a group of students at the Slade School of Art have gathered for a life-drawing class. Paul Tarrant is easily distracted by an intriguing fellow student, Elinor Brooke, but watches from afar when a well-known painter catches her eye. After World War I begins, Paul tends to the dying soldiers from the front line as a Belgian Red Cross volunteer, but the longer he remains, the greater the distance between him and home becomes. By the time he returns, Paul must confront not only the overwhelming, perhaps impossible challenge of how to express all that he has seen and experienced, but also the fact that life, and love, will never be the same for him again.

Improving Substance Use Care - Eric R. Pedersen 2020-09-15

Veterans who have served in the military since September 11, 2001, are at particularly high risk for co-occurring substance use disorders (SUDs) and mental health disorders, such as posttraumatic stress disorder and depression. Many treatment facilities require abstinence from substances prior to admission for mental health care, but the combination of symptoms that these disorders present makes them difficult to treat separately. Thus, integrated care—in which both SUDs and mental health problems are addressed concurrently—is a recommended form of treatment for these

veterans. To help improve access to effective treatment for these veterans, the authors review the literature on efficacious approaches to treating SUDs alone and alongside mental health disorders. They also present findings from an analysis of the availability of treatment centers that offer SUD care for veterans and from a series of interviews and site visits with treatment providers. The authors conclude with guidance and recommendations to support the delivery of quality care for veterans with SUDs and, ultimately, to help expand and enhance treatment opportunities for veterans with co-occurring SUDs and mental health disorders.

Miss Graham's Cold War Cookbook - Celia Rees 2020-07-07

"A perfect summer read; gripping, original, well-drawn and compassionate"--Joanne Harris "Celia Rees is a superb writer, and this novel has one of the most irresistible and unique story hooks I've ever come across. This book deserves to be huge!"--Sophie Hannah A striking historical novel about an ordinary young British woman sent to uncover a network of spies and war criminals in post-war Germany that will appeal to fans of *The Huntress* and *Transcription*. World War II has just ended, and Britain has established the Control Commission for Germany, which oversees their zone of occupation. The Control Commission hires British civilians to work in Germany, rebuild the shattered nation and prosecute war crimes. Somewhat aimless, bored with her job as a provincial schoolteacher, and unwilling to live with her overbearing mother any longer, thirtysomething Edith Graham applies for a job with the Commission—but she is also recruited by her cousin, Leo, who is in the Secret Service. To them, Edith is perfect spy material...single, ordinary-looking, with a college degree in German. Cousin Leo went to Oxford with one of their most hunted war criminals, Count Kurt von Stavenow, who Edith remembers all too well from before the war. He wants her to find him. Intrigued by the challenge, Edith heads to Germany armed with a convincing cover story: she's an unassuming Education Officer sent to help resurrect German schools. To send

information back to her Secret Service handlers in London, Edith has crafted the perfect alter ego, cookbook author Stella Snelling, who writes a popular magazine cookery column. She embeds crucial intelligence within the recipes she collects. But occupied Germany is awash with other spies, collaborators, and opportunists, and as she's pulled into their world, Edith soon discovers that no one is what they seem to be. The closer she gets to uncovering von Stavenow's whereabouts--and the network of German civilians who still support him--the greater the danger. With a unique, compelling premise, *Miss Graham's Cold War Cookbook* is a beautifully crafted and gripping novel about daring, betrayal, and female friendship.

Open Wound - Jason Karlawish 2011-08-30
A shotgun misfires inside the American Fur Company store in Northern Michigan, and Alexis St. Martin's death appears imminent. It's 1822, and, as the leaders of Mackinac Island examine St. Martin's shot-riddled torso, they decide not to incur a single expense on behalf of the indentured fur trapper. They even go so far as to dismiss the attention of U.S. Army Assistant Surgeon William Beaumont, the frontier fort's only doctor. Beaumont ignores the orders and saves the young man's life. What neither the doctor nor his patient understands—yet—is that even as Beaumont's care of St. Martin continues for decades, the motives and merits of his attention are far from clear. In fact, for what he does to his patient, Beaumont will eventually stand trial and be judged. Rooted deeply in historic fact, *Open Wound* artfully fictionalizes the complex, lifelong relationship between Beaumont and his illiterate French Canadian patient. The young trapper's injury never completely heals, leaving a hole into his stomach that the curious doctor uses as a window to understand the mysteries of digestion. Eager to rise up from his humble origins and self-conscious that his medical training occurred as an apprentice to a rural physician rather than at an elite university, Beaumont seizes the opportunity to experiment upon his patient's

stomach in order to write a book that he hopes will establish his legitimacy and secure his prosperity. As Jason Karlawish portrays him, Beaumont, always growing hungrier for more wealth and more prestige, personifies the best and worst aspects of American ambition and power.

The Worlds of the Indian Ocean - Philippe Beaujard 2019-10-24

Europe's place in history is re-assessed in this first comprehensive history of the ancient world, centering on the Indian Ocean and its role in pre-modern globalization. Philippe Beaujard presents an ambitious and comprehensive global history of the Indian Ocean world, from the earliest state formations to 1500 CE. Supported

by a wealth of empirical data, full color maps, plates, and figures, he shows how Asia and Africa dominated the economic and cultural landscape and the flow of ideas in the pre-modern world. This led to a trans-regional division of labor and an Afro-Eurasian world economy. Beaujard questions the origins of capitalism and hints at how this world-system may evolve in the future. The result is a reorienting of world history, taking the Indian Ocean, rather than Europe, as the point of departure. Volume I provides in-depth coverage of the period from the fourth millennium BCE to the sixth century CE.

The Murderess Must Die - Marlie Parker
Wasserman 2021-07-06

On a winter day in 1898, hundreds of spectators gather at a Brooklyn courthouse, scrambling for a view of the woman they label a murderess. Martha Place has been charged with throwing acid in her stepdaughter's face, hitting her with an axe, suffocating her with a pillow, then trying to kill her husband with the same axe. The

crowd will not know for another year that the alleged murderess becomes the first woman in the world to be executed in the electric chair. None of her eight lawyers can save her from a guilty verdict and the governor of New York, Theodore Roosevelt, refuses to grant her clemency. Was Martha Place a wicked stepmother, an abused wife, or an insane killer? Was her stepdaughter a tragic victim? Why would a well-dressed woman, living with an upstanding husband, in a respectable neighborhood, turn violent? Since the crime made the headlines, we have heard only from those who abused and condemned Martha Place. Speaking from the grave she tells her own story, in her own words. Her memory of the crime is incomplete, but one of her lawyers fills in the gaps. At the juncture of true crime and fiction, *The Murderess Must Die* is based on an actual crime. What was reported, though, was only half the story.

Gangster - Lorenzo Carcaterra 2002-07-30
Love. Violence. Destiny. These powerful themes ricochet through Lorenzo Carcaterra's new novel like bullets from a machine gun. In *Gangster*, he surpasses even his bestselling *Sleepers* to create a brutal and brilliant American saga of murder, forgiveness, and redemption. Born in the midst of tragedy and violence and raised in the shadow of a shocking secret, young Angelo Vestieri chooses to flee both his past and his father to seek a second family—the criminals who preside over early 20th century New York. In his bloody rise from soldier to mob boss, he encounters ever more barbaric betrayals—in friendship, in his brutal business, in love—yet simultaneously comes to understand the meaning of loyalty, the virtue of relationships, and gains a perspective on the lonely, if powerful, life he has chosen. As the years pass, as enemies are made and defeated, as wars are fought and won, the old don meets an abandoned boy who needs a parent as much as protection. By taking Gabe under his wing

and teaching him everything he knows, Angelo Vestieri will learn, in the winter of his life, which is greater: his love for the boy he cherishes, or his need to be a gangster and to live by the savage rules he helped create. A sweeping panoramic with riveting characters, a unique understanding of the underworld philosophy, and a relentless pace, *Gangster* travels through the time of godfathers and goodfellas to our own world of suburban Sopranos. But this is more than just an authentic chronicle of crime. Setting a new standard for this acclaimed author, *Gangster* is a compassionate portrait of one man's fight against his fate—and an unforgettable epic of a family, a city, a century. *The Cradle of Mankind* - William Ainger Wigram 1914

But for once, Holmes is dead wrong. He doesn't know that the dealer, Theo Van Gogh, is rushing to the side of his brother, who lies dying of a gunshot wound in Auvers. He doesn't know that the dealer's brother is a penniless misfit artist named Vincent, known to few and mourned by even fewer. Officialdom pronounces the death a suicide, but a few minutes at the scene convinces Holmes it was murder. And he's bulldog-determined to discover why a penniless painter who harmed no one had to be killed—and who killed him. Who could profit from Vincent's death? How is the murder entwined with his own forgery investigation? Holmes must retrace the last months of Vincent's life, testing his mettle against men like the brutal Paul Gauguin and the secretive Toulouse-Lautrec, all the while searching for the girl Olympia, whom Vincent named with his dying breath. She can provide the truth, but can anyone provide the proof? From the madhouse of St. Remy to the rooftops of Paris, Holmes hunts a killer—while the killer hunts him.
