Savannah Scavenger Hunt - MS Chris Sergi 2016-05-31

Explore the wonders of the nation's largest National Historic Landmark District--Savannah, Georgia--using the special maps included in each chapter. Author Chris Sergi pulls together little-known facts, visual treats, and enticing tidbits of history in this scavenger hunt designed for all ages to enjoy. From underground tunnels used by pirates for treasure transport to mausoleums and stained glass windows, the city abounds with secrets and trivia for all to discover! Each chapter of the book focuses on a different area of the historic city. Starting within the main city, explorers are directed to Leopold's Ice Cream, the Forsyth Park fountain, the Andrew Low House, Troup Square, Massie School, and more. Each locations has bonus finds like the lazy lions, gargoyles, and canons! The hunt around Bonaventure Cemetery leads the intrepid into the beautiful grounds overlooking the Wilmington River, where visitors will discover the Gaston Tomb, the statue of Little Gracie, a nautical angel, and the Little Angel Tomb. Along the way to Tybee Island, adventurers will pass Old Fort Jackson before reaching the easternmost point in the state of Georgia and the treasures to be found there. Colorful photographs and easy directions for walking or driving adventures guarantee that everyone will finish each challenge with fond memories and troves of new information.

The Social Studies Professional - 1999

Battle Cry of Freedom - James M. McPherson 2003-12-11

Filled with fresh interpretations and information, puncturing old myths and challenging new ones, Battle Cry of Freedom will unquestionably become the standard one-volume history of the Civil War. James McPherson's fast-paced narrative fully integrates the political, social, and military events that crowded the two decades from the outbreak of one war in Mexico to the ending of another at Appomattox. Packed with drama and analytical insight, the book vividly recounts the momentous episodes that preceded the Civil War--the Dred Scott decision, the Lincoln-Douglas debates, John Brown's raid on Harper's Ferry--and then moves into a masterful chronicle of the war itself--the battles, the strategic maneuvering on both sides, the politics, and the personalities. Particularly notable are McPherson's new views on such matters as the slavery expansion issue in the 1850s, the origins of the Republican Party,

the causes of secession, internal dissent and anti-war opposition in the North and the South, and the reasons for the Union's victory. The book's title refers to the sentiments that informed both the Northern and Southern views of the conflict: the South seceded in the name of that freedom of self-determination and self-government for which their fathers had fought in 1776, while the North stood fast in defense of the Union founded by those fathers as the bulwark of American liberty. Eventually, the North had to grapple with the underlying cause of the war--slavery--and adopt a policy of emancipation as a second war aim. This "new birth of freedom," as Lincoln called it, constitutes the proudest legacy of America's bloodiest conflict. This authoritative volume makes sense of that vast and confusing "second American Revolution" we call the Civil War, a war that transformed a nation and expanded our heritage of liberty.

Strengthening Forensic Science in the United States - National Research Council 2009-07-29

Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. *Strengthening Forensic Science in the United States: A Path Forward* provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. *Strengthening Forensic Science in the United States* gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal

prosecutors and attorneys, and forensic science educators.

No Promises in the Wind (DIGEST) - Irene Hunt 2002-01-08

From the Newbery Award-winning author of *Across Five Aprils* and *Up a Road Slowly* comes a tale of a brave young man's struggle to find his own strength during the Great Depression. "A powerfully moving story."—Chicago Daily News In 1932, American's dreams were simple: a job, food to eat, a place to sleep, and shoes without holes. But for millions of people these simple needs were nothing more than dreams. At fifteen years of age, Josh has to make his own way through a country of angry and frightened people. This is the story of a young man's struggle to find a life for himself in the most turbulent of times.

The Best We Could Do - Thi Bui 2017-03-07

National bestseller 2017 National Book Critics Circle (NBCC) Finalist ABA Indies Introduce Winter / Spring 2017 Selection Barnes & Noble Discover Great New Writers Spring 2017 Selection ALA 2018 Notable Books Selection An intimate and poignant graphic novel portraying one family's journey from war-torn Vietnam, from debut author Thi Bui. This beautifully illustrated and emotional story is an evocative memoir about the search for a better future and a longing for the past. Exploring the anguish of immigration and the lasting effects that displacement has on a child and her family, Bui documents the story of her family's daring escape after the fall of South Vietnam in the 1970s, and the difficulties they faced building new lives for themselves. At the heart of Bui's story is a universal struggle: While adjusting to life as a first-time mother, she ultimately discovers what it means to be a parent—the endless sacrifices, the unnoticed gestures, and the depths of unspoken love. Despite how

impossible it seems to take on the simultaneous roles of both parent and child, Bui pushes through. With haunting, poetic writing and breathtaking art, she examines the strength of family, the importance of identity, and the meaning of home. In what Pulitzer Prize-winning novelist Viet Thanh Nguyen calls “a book to break your heart and heal it,” *The Best We Could Do* brings to life Thi Bui’s journey of understanding, and provides inspiration to all of those who search for a better future while longing for a simpler past.

Great American History Games - Lorraine Hopping Egan 2000
More than 20 games, puzzles and learning activities for American history.

Activities touch on history, geography, people, places, fictional characters, animals, holidays, festivals, legends, lore, and more.

The Persona Book - Katherine Grimes Lallier 1997

Everyone knows that experience is the best teacher, but this book actually uses experience to teach students about history. Combining literature-based enrichment and role-playing, a variety of activities immerse students in past eras. After reading relevant literature, each student chooses a literary or historical figure, participates in events as that person, and creates projects based on their character's life. The authors describe the concept of persona-based learning and show educators how to use it with the curriculum, then provide five complete enrichment units - the Middle Ages, ancient Greece, ancient Egypt, the American Civil War, and American heroes. Each chapter includes a literature base, performance recommendations, a list of personas, and a variety of library/classroom activities and projects. Motivational and practical, this innovative teaching tool encourages students to become

active learners and lovers of history.

The Civil War in 50 Objects - Harold Holzer 2013-05-02

The American companion to A History of the World in 100 Objects, a fresh, visual perspective on the Civil War From a soldier's diary with the pencil still attached to John Brown's pike, the Emancipation Proclamation, and the leaves from Abraham Lincoln's bier, here is a unique and surprisingly intimate look at the Civil War. Lincoln scholar Harold Holzer sheds new light on the war by examining fifty objects from the New-York Historical Society's acclaimed collection. A daguerreotype of an elderly, dignified ex-slave; a soldier's footlocker still packed with its contents; Grant's handwritten terms of surrender at Appomattox—the stories these objects tell are rich, poignant, sometimes painful, and always fascinating. They illuminate the conflict from all perspectives—Union and Confederate, military and civilian, black and white, male and female—and give readers a deeply human sense of the war.
