Darkblood Academy - G K DeRosa 2019-11-21
There are three things I've learned in my time at Darkblood-I mean Darkhen Academy: Always make sure a demon is dead before walking away from the body. All magic comes with a price.

Nothing stays buried for long-not secrets, not feelings and definitely not dark lords. Just when I thought my struggles with Luxora were finally over, the dark lord decides to rise from the ashes. Guess who she's got her sights set on?

Yup, me. As if that wasn't bad enough, the Coven Council has discovered my little warlock secret. And they're pissed. With enemies coming at me from all sides, how am I supposed to concentrate on schoolwork? Not to mention my love life. I thought last year was tough, but now with Ryder back I'm torn between my old love and a new possibility. But none of that matters if Luxora has her way and swoops me down to the darkest depths of the Underworld. So what is a poor, human-warlock, half-blood supposed to do? Kick some butt. That's what.

Wolfish - G K DeRosa 2021-11-24

I'm not alone. There are other Mystic wolves out there, and now I have to find them. And win the Alpha Trials, get my revenge on the supreme alpha and of course, break my mate's curse. Phew... And I thought things would be easier now that we'd finally completed the mate bond. I was very wrong. When Hunter takes matters into his own hands, a desperate decision escalates the situation from bad to worse. With

our new relationship on the line, my jilted wolfy fiancé makes his move, trying to worm his way into my fragile heart. As if dealing with two males wasn't bad enough, the final round of the Alpha Trials takes a dark turn, and an unexpected loss nearly breaks me once again. With my love life in turmoil, the survival of my pack on the line and everything up in the air, the question isn't whether I'll win the trials and get my happily ever after with my mate, but will I live to see the last day of the competition? *** This is an upper YA/NA crossover with schmexy alpha wolves and is best suited for ages 16+. Be warned this is a slow burn enemies-to-lovers romance, and the steaminess factor does increase through the course of the series! ♥ *** Wolfish is set within the world of Azar, along with (in reading order) Hitched, Darkblood Academy, Royally Hitched and Darkblood Prison but it's not necessary to read the other series first to enjoy this one.

Darkblood Academy - G. K. DeRosa 2019-09-20

I barely survived my first year at Darkhen Academy, and now with Ryder gone and my heart shattered I'm not sure I'll outlive the second. But I have to, right? Because Luxora and her evil minions aren't waiting around for me to get over my broken heart. With increased attacks in the human world, the supe slayer squad must ride on! Then there's my father. He's kind of obsessed with unlocking my new super powers. As the first female warlock ever, he's dead set on harnessing my abilities, even my darkest ones. But if I do, will the dark oracle's prophecy prove true? The problem is, I can't focus on any of that when all I want to do is tear apart the Underworld until I find Ryder. But after months apart, will the man I find be the same one I fell for? ***This is an upper YA/NA crossover with schmexy supernatural guys and is best suited for age 16 and over. Be warned, the

Shakespeare's Letters - Alan Stewart 2008-11-13

Shakespeare's plays are stuffed with letters - 111 appear on stage in all but five of his dramas. But for modern actors, directors, and critics they are frequently an awkward embarrassment. Alan Stewart shows how and why Shakespeare put letters on stage in virtually all of his plays. By reconstructing the very different uses to which letters were put in Shakespeare's time, and recapturing what it meant to write, send, receive, read, and archive a letter, it throws new light on some of his most familiar dramas. Early modern letters were not private missives sent through an anonymous postal system, but a vital - sometimes the only - means of maintaining contact and sending news between distant locations. Penning a letter was a serious business in a period when writers made their own pen and ink; letter-writing protocols were strict; letters were dispatched by personal

Surveying the vast range of letters in Shakespeare's oeuvre, the book also features sustained new readings of Hamlet, King Lear, Antony and Cleopatra, The Merchant of Venice and Henry IV Part One.

Myth Academy - A K Thorne 2021-02-02

This academy's gone to the gods. I'm Penelope DeLuna, and I'm a demigod. After my powers emerged, I discovered I'm the daughter of a goddess. To join my family, I'll have to prove my worth at an academy for preppy mythological heroes and fight my way up Mount Olympus. If I'm lucky, no one will find out I had a naughty hook-up with the totally off-limits son of Hades...

The Knife of Never Letting Go - Patrick Ness
2010-10-18

A dystopian thriller follows a boy and girl on the run from a town where all thoughts can be heard - and the passage to manhood embodies a horrible secret. Todd Hewitt is the only boy in a town of men. Ever since the settlers were infected with the Noise germ, Todd can hear everything the men think, and they hear

everything he thinks. With hostile men from the town in pursuit, the two stumble upon a strange and eerily silent creature: a girl. Who is she? Why wasn't she killed by the germ like all the females on New World? Propelled by Todd's gritty narration, readers are in for a white-knuckle journey in which a boy on the cusp of manhood must unlearn everything he knows in order to figure out who he truly is.

Darkblood Academy - G K DeRosa 2019-06-04
Welcome to Darkblood-oops, I mean Darkhen Academy. There are three rules to survive the elite supernatural school: 1. Do not talk or even look at The Seven, the uber-powerful supes that rule the academy. 2. Never go into the Fae forest on a full moon... or else. 3. And most definitely do not fall for one of the extremely hot

and unattainable instructors. Too bad I've never really been a rule follower... A year ago the supernaturals came out of the closet on primetime TV, and about a minute ago I, Luna Hallows, found out I was one of them-well, a half-blood anyway. So here I am at Darkhen Academy, the only human and no magical abilities to speak of. The only reason I'm here is because of my father-a man I didn't even know existed until now. He's crazy powerful, and they think I could be too. But what could I possibly contribute to an exclusive squad of dragon shifters, fae, witches, and vampires? I guess we're about to find out because the merging of the supernatural and human realms isn't going as smoothly as planned. If word gets out that humans are no longer safe from the supes, our worlds will once again be closed off. It's up to us to stop that from happening. ***This is an upper YA/NA crossover with schmexy supernatural guys and is best suited for age 16 and over. Be warned, the steaminess factor does increase

through the course of the series! ***Darkblood Academy is set within the world of Hitched but it's not necessary to read that series first to enjoy this one.

Darkblood Prison - G K DeRosa 2020-08-18
Welcome to Darkblood Prison, where the worst criminals in the supernatural realm roam the murky corridors, A.K.A. my new home. According to my cellmate, there are three rules to survive the notorious prison: Don't mix with the other supes, stick to your own kind. Anything can be made into a weapon so get creative. Stay away from the infamous Triad, the three

brothers who run the prison. Rules aren't really my thing so I doubt I'll survive my first week, let alone my ten-year sentence for soul sucking an entire Fae village I have no memory of. As if coming to terms with my own demon and making nice with the scary inmates wasn't bad enough, someone seems hellbent on permanently ending my stay at Darkblood. Thankfully, the devastatingly gorgeous and equally infuriating leader of the Triad, who hates me for no apparent reason, still manages to show up whenever I get into trouble. With his help, I begin to piece together my missing memories and discover there's much more to my bogus incarceration. There's a reason I was sent here, a dark family secret is coming back to haunt me. As it turns out, the baddies in this prison are nothing compared to the forces of the Underworld that are coming for me. ***This is an upper YA/NA crossover with schmexy supernatural inmates and is best suited for age 16+. Be warned, the steaminess factor does

increase through the course of the series! ♥
***Darkblood Prison is set within the world of Azar, along with Hitched, Darkblood Academy, and Royally Hitched but it's not necessary to read the other series' first to enjoy this one. *Supernatural Academy* - Jaymin Eve 2019-05-11
Maddison James is about to discover some truths about the world. Firstly ... supernaturals exist. WTF? Secondly ... she is one, even though no one seems to know exactly what kind. Double WTF. Thirdly ... she's about to go back to school. Well, things just got a little more interesting. The Supernatural Academy is where shifters, vampires, magic users, and fey are educated. Where they are taught about their abilities, and how to function in the human world. Maddison already has the human part down, but this supernatural thing is an entirely new dangerous game. Example one: mean girls who can actually turn you into a frog. Example two: Asher Locke, a god at the Academy. Not literally ... well, who knows for sure. He certainly acts the part, as do

all of his minions who worship him. Asher drives her crazy, because apparently gorgeous and arrogant is her thing. Sparks fly between them, and the more they're thrown together, the more Asher is determined to figure out what's been blocking her abilities. Until the moment the truth is revealed, and they find out nothing in this supernatural world is what they thought. Including each other. Supernatural Academy is 105k words, full length urban fantasy story. Recommended 17+ due to language and sex scenes.

[Half-Blood \(a Covenant Novel\)](#) - Jennifer L. Armentrout 2014-08-14

HALF-BLOOD is the unputdownable first book in the acclaimed Covenant series from #1 New

York Times bestselling Jennifer L. Armentrout. This special paperback edition also includes the prequel novella DAIMON. The Hematoi descend from the unions of gods and mortals, and the children of two Hematoi - pure-bloods - have godlike powers. Children of Hematoi and mortals - well, not so much. Half-bloods only have two options: become trained Sentinels who hunt and kill daimons or become servants in the homes of the pures. Seventeen-year-old Alexandria would rather risk her life fighting than waste it scrubbing toilets, but she may end up slumming it anyway. There are several rules that students at the Covenant must follow. Alex has problems with them all, but especially rule #1: Relationships between pures and halves are forbidden. Unfortunately, she's crushing hard on the totally hot pure-blood Aiden. But falling for Aiden isn't her biggest problem - staying alive long enough to graduate the Covenant and become a Sentinel is. If she fails in her duty, she faces a future worse than death or slavery: being

turned into a daimon, and being hunted by Aiden. And that would kind of suck.

Royally Hitched - G K DeRosa 2020-02-05

A fight to the death... Or at least that's what it feels like when my twin sister and I are pitted against a dozen ruthless Fae females in a competition to marry the Spring Court prince. On live television. If we can survive eight weeks on Royally Hitched, we'll earn our freedom and a one-way ticket home to the human world. All we have to do is play nice with the mean girls and

stuck up ice prince. Oh, did I mention we shouldn't even be here since we're not actually Fae? Well, no one knows that-yet. As girls are eliminated and the competition heats up, things take a lethal turn. Someone wants the prince dead, and we all become targets. When he's almost killed, unexpected feelings come over me. Panic. Pain. Sadness. The idea of losing him actually hurts. And what's worse... my sister feels the same way. Author's Note: This series takes place in the world of Azar, along with Hitched and Darkblood Academy. While it's not necessary to read either of these series first, there may be some spoilers, so be warned:)

Wolfish - G K DeRosa 2021-05-03

Fate has a wicked sense of humor. When I was sixteen, I met the love of my life in magic school. He'd appear exactly once a year at the annual masquerade ball, then vanish... Fast forward to the present: to the night I'm attacked and my hidden wolf emerges. As it turns out, I'm a freakin' hairy, tail-wagging, shape-shifting

werewolf so instead of returning to the human world after graduating, I'm dragged to Moon Valley to control my inner beast. Only problem is, I'm not just a wolf. And someone wants me dead because of it. When I meet the alpha heir, sparks fly. And bombshell-he's my supposed wolfy fated mate, but he's nothing like the boy I loved. He's cold, sullen, a total jerk but impossibly gorgeous. Of course. And he's got secrets too. Despite hating him most days, I can't deny the irresistible attraction...and neither can he. Even after he rejects me. Little does he know, I'm more than capable of taking care of myself-maybe even capable of taking his claim as alpha. If you love Leia Stone's Wolf Girl, Linsey Hall's Darkest Moon and Jaymin Eve's Rejected, start reading now! *** This is an upper YA/NA crossover with schmexy alpha wolves and is best suited for ages 16+. Be warned this is a slow burn enemies-to-lovers romance, and the steaminess factor does increase through the course of the series! ♥ *** Wolfish is set within

the world of Azar, along with (in reading order) Hitched, Darkblood Academy, Royally Hitched and Darkblood Prison but it's not necessary to read the other series first to enjoy this one.

Scorpion Blood - Stephany Wallace 2019-10-29

What does an ex-military, a vampire, a phoenix, a wolf shifter, a fae, and a witch all have in common? Nothing... other than being handpicked to save the world. May the Gods save us all. If someone had told young, ex-Delta Force Ethan James, that supernatural creatures were real, he would have laughed. See to believe was his motto, until one day he was kidnapped by a being that could only exist in dreams... or nightmares. Taken to a place where having extraordinary abilities is the norm, he'll be offered the opportunity of a lifetime. The Supernatural Taskforce Academy-or STA as it's known-is an elite academy for witches, fae, shifters, vampires, and every other class of supernaturals with exceptional skills. But what the heck does STA want with a human? An ex-

soldier at that? Renna Blackwood doesn't play nice with others. She might have a mean girl reputation, who snubs her nose at the rules, but with skills like hers, she has rightfully earned every ounce of that reputation. She is a bleeding vampire for God's sake. So, when the council assigns her the task of awakening new members for the academy, Renna isn't the least bit surprised. Until she sees who her partner is... A mortal. With a heartbeat. Swell. This should be fun. Supernatural Taskforce Academy is full of magic, mythology, college drama, and romance. Scorpion Blood is the first book in the addicting upper teen fantasy series that will keep you glued to your kindle!16+ Recommended due to strong language and sexual content.
