Success With Grammar And Composition - Narayanaswamy 1995

This book is designed for pupils at the upper secondary level and the first year of undergraduate study. As a proficiency book, while covering basic components in a thorough and systematic way, it offers extended practice in areas of grammar and composition which present special difficulty to students at this stage. The book provides simple and brief explanations on the rules of grammar followed by a variety of exercises which not only develop proficiency but also help recognition of these rules and principles.

*Direct and Indirect Speech* - Florian Coulmas 1986-01-01

TRENDS IN LINGUISTICS is a series of books that open new perspectives in our understanding of language. The series publishes state-of-the-art work on core areas of linguistics across theoretical frameworks as well as studies that provide new insights by building bridges to neighbouring fields such as neuroscience and cognitive science. TRENDS IN LINGUISTICS considers itself a forum for cutting-edge research based on solid empirical data on language in its various manifestations, including sign languages. It regards linguistic variation in its synchronic and diachronic dimensions as well as in its social contexts as important sources of insight for a better understanding of the design of linguistic systems and the ecology and evolution of language. TRENDS IN LINGUISTICS publishes monographs and outstanding dissertations as well as edited volumes, which provide the opportunity to address controversial topics from different empirical and theoretical viewpoints. High quality standards are ensured through anonymous reviewing.

*Going Global through Social Sciences and Humanities: A Systems and ICT Perspective* - Zhanna Anikina 2019-02-08

This book presents contributions submitted to the 2nd international conference Going Global through Social Sciences and Humanities (GGSSH 2019) held in Tomsk, Russia on 27–28 February 2019. The conference focused on such issues as interdisciplinary pedagogy, language teaching and learning, cultural studies and linguistics, particularly highlighting global academic integration and professional development for research. As such, the event provided a platform for discussions and sharing publication activities, to help Russian academics to take first steps toward global research. Showcasing the ongoing Russian research in focus areas, this book is of interest to a diverse academic audience working in social sciences and humanities, particularly those from the post-Soviet countries.

**The Acquisition of Irish** - Máire Owens 1992

This book considers the growth of the Irish language in Belfast today. The reader is invited to take a close look at a unique vibrant speech community in Belfast. During the 1960's, its members took an important step, when they determined to create an environment wherein they could raise their children as Irish speakers. The success of the initiative is most clearly evidenced by the steady diffusion of bilingualism throughout surrounding neighbourhoods.

Grammar Nonsense and What To Do about It - Hugh Dellar

Do you hate teaching some aspects of grammar? Do you ever feel frustrated that your students just don't get it? Well, in Grammar Nonsense, Andrew Walkley and Hugh Dellar argue that you shouldn't really blame yourself. The fault lies largely with the way grammar rules and methods have been passed down through training and published material and become established as the way of doing things: a straightjacket that we need to escape from. Through an entertaining series of rants and meditations on all things grammatical, from the use of the word grammar to the horror of teaching verb patterns, they aim to pull apart rules which we give without thinking and to question approaches to practice that are seen as a must. Along the way, you'll not only learn how published materials get written and about ideas such as the transformation fallacy and grammar olives, but you'll also get plenty of practical suggestions as to what to do about all this nonsense.
