Celio, Oder, New-York Über und Unter Der Erde
- George G. Foster 1854

Names in the Economy - Terhi Ainiola
2014-07-18

The economy has an increasingly powerful role in the contemporary global world. Academic scholars who study names have recognised this, and, as such, onomastic research has expanded from personal and place names towards names that reflect the new commercial culture. Companies are aware of the significance of naming. Brand, product and company names play an important role in business. Culture produces names and names produce culture. Commercial names shape cultures, on the one hand, and changes in cultures may affect commercial names on the other. The world of the economy and business has created its own culture of names, but this naming culture may also affect other names; even place names and personal names are influenced by it. Names in the Economy: Cultural Prospects is composed of 20 articles that were produced from a collection of papers presented in 2012 at the fourth Names in the Economy symposium in Turku, Finland. These articles will equally be of interest to both academics and professionals. The goal of this book is multidisciplinary and theoretically diverse: it contemplates commercial-bound names from the viewpoints of linguistics and onomastics, as well as marketing and branding

research. In addition to traditional onomastic standpoints, there are newer linguistic theories, sociological and communicational views, multimodality theory, and branding theories. The authors are scholars from three continents and from ten different countries.

Pleasant Notes Upon Don Quixot - Edmund Gayton 1654

Smoke - Sander L. Gilman 2004

An incisive collection of essays and more than three hundred illustrations examines the global history and culture of smoking in various traditions and places, from opium dens in Victorian England to Havana cigars, documenting smokers of many substances, the changing role of smoking, tobacco advertising, the moral issues of smoking, and more.

Goethe and the Ginkgo - Siegfried Unseld
2010-04-15

In 1815, Goethe gave symbolic expression to his intense relationship with Marianne Willemer, a recently married woman thirty-five years his junior. He gave her a leaf from the ginkgo tree, explaining that, like its deeply cleft yet still whole leaf, he was "single yet twofold." Although it is not known if their relationship was ever consummated, they did exchange love poetry, and Goethe published several of Marianne's poems in his West-East Divan without crediting her authorship. In this beautiful little book, renowned Goethe scholar Siegfried Unseld considers what this episode means to our estimation of a writer many consider nearly

godlike in stature. Unseld begins by exploring the botanical and medical lore of the ginkgo, including the use of its nut as an aphrodisiac and anti-aging serum. He then delves into Goethe's writings for the light they shed on his relationship with Marianne. Unseld reveals Goethe as a great yet human being, subject, as any other man, to the vagaries of passion.

Queens and Queenship in Medieval Europe - Anne J. Duggan 2002

The image, status and function of queens and empresses, regnant and consort, in kingdoms stretching from England to Jerusalem in the European middle ages.

Jordaens - Zita Pataki 2012-06-01

16 essays by a group of internationally acclaimed authors help contribute to a clearer perception of the complex facets of Jacob Jordaens' oeuvre—and moreover to distinguish it from the works of Rubens, van Dyck, and his contemporaries. The title "Genius of Grand Scale" refers to the spectrum from history to genre as well as to Jordaens' preference for large formats. The greatness of the artist Jacob Jordaens needs to be emphasized, since even though he outlived Rubens for four whole decades, he was never able to escape from under his shadow. By reference to iconographic and iconological studies, single works are identified and presented in a broad review and the long, in many aspects fragmentary reception of his artistic work also forms a large part of the interpretations presented here. Furthermore, technical examinations of paintings assist in defining more precisely how they were generated. This overdue volume presents essential reading for anyone interested in Jacob Jordaens.

Birthday Llama - King Of Store 2019-10-20

This travel journal for women makes the perfect vintage travel planner, organizer, and traveling companion for all your travel adventures! At 6" X 9" in size and 101 pages, it is compact enough to carry in a medium-sized purse or backpack to record your memories as you take in the sights.

Carl Friedrich - Detlef Jena 2013-09-01

Er regierte Sachsen-Weimar-Eisenach 25 Jahre lang, doch vielen Zeitgenossen galt Carl Friedrich (1783-1853) als sprunghaft und kindlich. Kein thüringischer Landesherr ist so der Vergessenheit anheimgefallen wie er - zu

Unrecht: Detlef Jena entwirft auf der Grundlage des Nachlasses Carl Friedrichs fesselnd und unterhaltsam das Portrait einer bodenständigen Persönlichkeit, die im Spannungsfeld zwischen protestantischer Ethik, politischer Macht und russisch-autokratischer Bevormundung ihre Selbstbehauptung suchte. So gelingt es dem Autor, Carl Friedrich aus dem übermächtigen Schatten seines Vaters, Karl August, und seiner berühmten Gemahlin, Maria Pawlowna, heraustreten zu lassen.

Human Race Get Off Your Knees - David Icke 2010

In a book that marks the author's 20th year of uncovering suppressed information, he takes the manipulation of the human race and the nature of reality to new levels of understanding and calls for humanity to rise from its knees and take back the world from the sinister network of families and non-human entities that covertly control us from cradle to grave. Original.

Royal Annals Of Ancient Egypt - Wilkinson 2012-08-21

First published in 2000. Routledge is an imprint of Taylor & Francis, an informa company.

Honeybee Democracy - Thomas D. Seeley 2010-09-20

Honeybees make decisions collectively--and democratically. Every year, faced with the life-or-death problem of choosing and traveling to a new home, honeybees stake everything on a process that includes collective fact-finding, vigorous debate, and consensus building. In fact, as world-renowned animal behaviorist Thomas Seeley reveals, these incredible insects have much to teach us when it comes to collective wisdom and effective decision making. A remarkable and richly illustrated account of scientific discovery, Honeybee Democracy brings together, for the first time, decades of Seeley's pioneering research to tell the amazing story of house hunting and democratic debate among the honeybees. In the late spring and early summer, as a bee colony becomes overcrowded, a third of the hive stays behind and rears a new queen, while a swarm of thousands departs with the old queen to produce a daughter colony. Seeley describes how these bees evaluate potential nest sites, advertise their discoveries to one another,

engage in open deliberation, choose a final site, and navigate together--as a swirling cloud of bees--to their new home. Seeley investigates how evolution has honed the decision-making methods of honeybees over millions of years, and he considers similarities between the ways that bee swarms and primate brains process information. He concludes that what works well for bees can also work well for people: any decision-making group should consist of individuals with shared interests and mutual respect, a leader's influence should be minimized, debate should be relied upon, diverse solutions should be sought, and the majority should be counted on for a dependable resolution. An impressive exploration of animal behavior, Honeybee Democracy shows that decision-making groups, whether honeybee or human, can be smarter than even the smartest individuals in them.

Theological Ethics of the Old Testament - Eckert Otto 2010-06

The work proposed is an English translation of the original German edition: (Theologische Ethik des Alten Testaments). Key Features: * The most thorough and comprehensive testament of the ethics of the Old Testament available in the English language. * Focused on the Law as the basis and source of all later ethical teaching in the Old Testament. * Written by an internationally scholar on the subject. Key Benefits: * The reader will gain comprehensive understanding of the ethics of the Old Testament. * The reader will gain a profound understanding of the foundational position and crucial importance of Law in Hebrew scripture. * Professors will find the sort of single-volume textbook they have been seeking for classroom use.

German books in print - 2000

The Confessions of Harry Lorrequer - Charles James Lever 1839

Revolution from the Right - Benjamin Lapp 2020-10-12

Revolution from the Right provides important new perspectives on the rise of National Socialism as it focuses on one of the most politically significant areas in the Weimar Republic: the central German state of Saxony.

This highly industrialized state was the traditional stronghold of the left wing of Social Democracy, yet in the state elections of 1929 and 1930 it gave the National Socialists their first major electoral successes following a dramatic shift in its political life from the left to the far right.

Politicians and Virtuosi - H. G. Koenigsberger 1986-01-01

The Rule of Women in Early Modern Europe - Anne J. Cruz 2009

A transnational comparison of women rulers and women's sovereignty throughout Europe
Social Trust and Human Communities - Trudy

Govier 1997

Govier offers a general account of trust in a variety of social contexts and explores the negative effects of distrust on society. For example, she examines the role of trust in relationships between doctors and patients and between politicians and constituents. With well-chosen examples ranging from the Oka crisis to Meech Lake, Govier points out that distrust in politics has been especially prevalent, and, while it may be well-founded, can have pernicious effects. Social Trust and Human Communities will be of great interest to students and scholars in the areas of applied ethics, social theory, and politics.

Melania Bucciarelli 2006-01-01

War and Turpentine - Stefan Hertmans
2016-08-09

Longlisted for the Man Booker International Prize 2017 A New York Times Top 10 Best Book of the Year An Economist Best Book of the Year The life of Urbain Martien—artist, soldier, survivor of World War I—lies contained in two notebooks he left behind when he died in 1981. In War and Turpentine, his grandson, a writer, retells his grandfather's story, the notebooks providing a key to the locked chambers of Urbain's memory. With vivid detail, the grandson recounts a whole life: Urbain as the child of a lowly church painter, retouching his father's work; dodging death in a foundry; fighting in the war that altered the course of history; marrying the sister of the woman he truly loved; being haunted by an ever-present reminder of the artist he had hoped to be and the soldier he was forced to become. Wrestling with this tale, the grandson straddles past and present, searching for a way to understand his own part in both. As artfully rendered as a Renaissance fresco, War and Turpentine paints an extraordinary portrait of one man's life and reveals how that life echoed down through the generations. (With black-and-white illustrations throughout)

Conflicts of Empires - Jonathan Israel
1997-07-01

The period between the late 16th and the early 18th centuries was one of tremendous, and ultimately decisive, shifts in the balance of political, military and economic power in both Europe and the wider world. In these essays Jonathan Israel argues that Spain's efforts to maintain her hegemony continued, for a number of reasons, to be centred on the Low Countries. This had as much to do with her attempts to check the rise of France and manipulate the affairs of Germany as it had with her long war with the Dutch, Spain's overwhelming dominance in the 1580s seemed unassailable, yet by the Peace of Utrecht in 1713 its greatness had been eclipsed, leaving supremacy to Britain, France and, in commercial terms, the Dutch.

Adam Brown - Horace Smith 1843

Der "Musenhof" Anna Amalias - Joachim Berger
2001

Why Did the Heavens Not Darken? - Arno J. Mayer 1990-01

Was the extermination of the Jews part of the Nazi plan from the very start? Arno Mayer offers a startling and compelling answer to this question, which is much debated among historians today. In doing so, he provides one of the most thorough and convincing explanations of how the genocide came about in *Why Did the Heavens Not Darken?*, which provoked widespread interest and controversy when first published. Mayer demonstrates that, while the Nazis anti-Semitism was always virulent, it did not become genocidal until well into the Second World War, when the failure of their massive, all-or-nothing campaign against Russia triggered the Final Solution. He details the steps leading up to this enormity, showing how the institutional and ideological frameworks that made it possible evolved, and how both related to the debacle in the Eastern theater. In this way, the Judeocide is placed within the larger context of European history, showing how similar holy causes in the past have triggered analogous if far less cataclysmic infamies.

He is the Sun, She is the Moon - Heide Wunder 1998

Renowned German social historian Heide Wunder refers to the cosmic image contained in the 1578 Book of Marital Discipline that characterizes the relationship between husband and wife. Today, "He is the sun, she is the moon" might be interpreted as a hierarchy of dominance and subordination. At the time it was used, however, sun and moon reflected the different but equal status of husband and wife. Wunder shows how the history of women and the history of gender relations can provide crucial insights into how societies organize themselves and provide resources for political action. She observes actual circumstances as well as the normative rules that were supposed to guide women's lives. We learn what skills were necessary to take charge of households, what people ate, how they furnished their

homes, what birth control measures were available, what role women played in peasant protest. Wunder finds that, in addition to the history of losses and setbacks for women observed by so many current interpreters, there is a history of gains as well. The regency of noble women was normal, as was the shared responsibility of wife and husband in a peasant household, an artisan's workshop, or a merchant's business. Using sources as diverse as memoirs, wedding and funeral sermons, novels, and chronicles, and including a wealth of demographic information, Wunder reveals a surprising new image of early modern women and provides a richer interpretation of early modern Europe.

The Golden Bull - Charles IV, Holy Roman Emperor 2019-11-02

The Golden Bull of 1356 (German: Goldene Bulle, Latin: Bulla Aurea) was a decree issued by the Imperial Diet at Nuremberg and Metz (Diet of Metz (1356/57)) headed by the Emperor Charles IV which fixed, for a period of more than four hundred years, important aspects of the constitutional structure of the Holy Roman Empire. It was named the Golden Bull for the golden seal it carried.

Grundriss Der Historik - Johann Gustav Droysen 1882

Festivals and Ceremonies - Helen Watanabe-O'Kelly 2000

This is an annotated source bibliography of over 2,800 European court festival works. It allows access to many rare accounts of court festivals. Extensive indexes provide ruler's name, court name, territory, type of entertainment performed, composers and artists. There are numerous cross-references.

Briefwechsel - Johann Heinrich Merck 2007

Beiträge zum deutschen Staats- und Fürstenrecht - August Wilhelm HEFFTER 1829
