Bad Karma - Deborah Blum 2013-06-22

A TRUE CRIME THRILLER THAT EXPLORES THE DARKEST REGIONS OF ROMANTIC INFATUATION. THE YEAR: 1969 THE SETTING: Berkeley, California THE STORY: Amidst the turmoil of student rebellion two loners encounter each other and turn an innocent flirtation into a dance of death. THE CHARACTERS: Prosenjit Poddar was the brilliant engineering student who wanted nothing more than to return to his native India a big success and to marry a woman of his parents' choosing. Tanya Tarasoff was the naive coed who just wanted somebody to love. And Larry Moore was the young psychologist who thought he recognized the warning signs that his patient was not just suffering from a jilted love affair... but was about to commit an act of murder. THE STAKES: In a culture clash that pits the traditional values of male-dominated India against free-love attitudes of Berkeley in the '60s, an impending tragedy unfolds. Soon Larry Moore finds himself face-to-face with the biggest dilemma of his career. What does a doctor do if he perceives his patient as mentally unstable and a threat to the well-being of another... but is bound by the oath of doctor-patient confidentiality not to warn the police? This true story tracks Moore's race against time to stop the inevitable. BAD KARMA is more than an anatomy of madness; it is also a chronicle of the events that would culminate in a landmark

decision handed down by the California Supreme Court. Known simply as Tarasoff, this 1976 ruling would change the oath of confidentiality between therapist and patient, and establish the rule that a mental health professional has the legal duty to protect a threatened individual. *Indian Creek Chronicles* - Pete Fromm 1993

The author relates his experiences of when he took a job with the Idaho Department of Fish and Game to watch 2 1/2 million salmon eggs one winter in an isolated area of the Selway-Bitterroot Wilderness

Brian's Hunt - Gary Paulsen 2012-03-13

Brian sets out on the hunt of a lifetime in this follow-up to the award-winning classic Hatchet from three-time Newbery Honor-winning author Gary Paulsen! Brian Robeson has stood up to the challenge of surviving the wilderness in Hatchet, The River, Brian's Winter, and Brian's Return. Now, while camping alone on a lake in the woods, he finds a wounded and whimpering dog. As Brian treats her wounds, he worries about who or what did this to her. His instincts tell him to head north, quickly, to check on his Cree friends. With his new companion at his side, he sets out on the hunt. Gary Paulsen expertly delivers a riveting story that brilliantly combines two of his great themes: the human animal's place in nature, and the mysterious and wonderful bond between humans and dogs. "The Brian books reveal nature and humankind's place in it with

spare prose that seems ideally suited to the setting and plot.” —VOYA
“Based on real incidents, this well-written sequel to Hatchet and its successors will be gobbled up by the author’s legions of fans.” —Kirkus Reviews

The Last Season - Eric Blehm 2009-10-13

Destined to become a classic of adventure literature, *The Last Season* examines the extraordinary life of legendary backcountry ranger Randy Morgenson and his mysterious disappearance in California's unforgiving Sierra Nevada—mountains as perilous as they are beautiful. Eric Blehm's masterful work is a gripping detective story interwoven with the riveting biography of a complicated, original, and wholly fascinating man.

Platte River - Rick Bass 2019-04-16

Available again, an acclaimed collection from an American master that USA Today called “Powerful . . . lyrical, vivid, engaging.” Originally published twenty-five years ago, *Platte River* is one of the early collections that established Rick Bass’s reputation as a master of the short form and one of the best writers of his generation. It contains three novellas of contemporary America, each informed by the mysteries of nature and the heart. Set along borders, both physical and immaterial, all of the novellas combine a spare but radiant naturalism with an outsize aspiration to folklore or myth. In the title story, a former pro linebacker living a simple, isolated life in the Canadian woods just across the border from Montana struggles with his artist girlfriend’s desire to escape. Invited by his best friend from their college football days to give a talk at the school where the friend now teaches, he flies to northern Michigan. In the class the next morning, after a night fishing party on the Platte River, what he learns brings acceptance, and a kind of salvation. In “Mahatma Joe,” a despairing evangelist living in a valley that was once so wild the people would go naked when the Chinook winds blew, announcing winter’s end, throws his fervor into planting a garden along the river, bringing purpose to the young woman who had camped there. “Field Events,” the most comic of the stories, begins when two athlete brothers spy an enormous, muscled man swimming in the river, hauling a

canoe loaded with cast iron. Their plan to train him in the discus meets with complications, when the giant and their older sister find in each other the missing part that neither could articulate.

Night Swimming - Pete Fromm 2000-09-30

A collection of inspired and moving tales from a widely praised writer offers character-driven portraits of people trying to find hope and peace in the midst of their daily difficulties. Reprint. 12,500 first printing.

Remote - D. J. Lee 2020

The story of one woman's journey into the Selway-Bitterroot Wilderness of Idaho and Montana to investigate the disappearance of her friend and discover the truth about her family.

Into the Wild - Jon Krakauer 2009-09-22

Krakauer’s page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. “Terrifying... Eloquent... A heart-rending drama of human yearning.” —New York Times
In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the

disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality.

Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.

Monkey Tag - Pete Fromm 1994

Saving Homewaters - Gordon Sullivan 2008

Traces the state of Montana's efforts throughout the first half of the twentieth century to protect its trout streams and rivers from the effects of pollution and neglect, in an account that explains how the region's unique policies can be beneficially adapted to national environmental challenges.

Riding the White Horse Home - Teresa Jordan 1994-05-31

The daughter and granddaughter of Wyoming ranchers, Teresa Jordan gives us a lyrical and superbly evocative book that is at once a family chronicle and a eulogy for the land her people helped shape and in time were forced to leave. Author readings.

Cheechako - Jonathan Thomas Stratman 2012-03-01

Will Rollins, a greenhorn--cheechako--(chee-chock-oh) is miserable in his new Alaska life. In addition to the bully after him, he can't seem to make any friends in school and doesn't know a thing about dogsleds, riverboats, hunting, or surviving at 40 degrees below zero. Even though he doesn't feel very brave, Will darts out alone onto rampaging river ice to rescue a stranded dog. His bravery wins him a valuable, trained sled

dog, Blackie, and a new human friend as well, an Alaskan Indian boy named Elias. It's Elias who challenges and inspires the cheechako to become a rugged outdoorsman and a real Alaskan. Will starts out by feeding, harnessing and then driving a sled dog team. He learns to throw a hatchet--and hit what he aims at! He learns to snowshoe and stay alive in the cold, to challenge his fears and to push on when everything he wants to do is quit. Best of all, he learns to be a good friend. But when a fierce, Siberian blizzard rampages across central Alaska, stranding Will's family, nearly burying their log cabin in wind-blown snow drifts, it will be up to Will and Blackie to try to make it out alive. With Elias injured and Will's family in danger of freezing, can a cheechako save them? Can he save himself?

Pilgrim at Tinker Creek - Annie Dillard 2009-10-13

Winner of the Pulitzer Prize "The book is a form of meditation, written with headlong urgency, about seeing. . . . There is an ambition about her book that I like. . . . It is the ambition to feel." — Eudora Welty, New York Times Book Review *Pilgrim at Tinker Creek* is the story of a dramatic year in Virginia's Roanoke Valley, where Annie Dillard set out to chronicle incidents of "beauty tangled in a rapture with violence."

Dillard's personal narrative highlights one year's exploration on foot in the Virginia region through which Tinker Creek runs. In the summer, she stalks muskrats in the creek and contemplates wave mechanics; in the fall, she watches a monarch butterfly migration and dreams of Arctic caribou. She tries to con a coot; she collects pond water and examines it under a microscope. She unties a snake skin, witnesses a flood, and plays King of the Meadow with a field of grasshoppers. The result is an exhilarating tale of nature and its seasons.

How All This Started - Pete Fromm 2001-10-05

town Texan life imposed on them by their parents, dream of escape, with Abilene becoming desperately and dangerously obsessed with helping her brother become a Major League pitcher. A first novel. Reprint. 20,000 first printing.

Alexander McGillivray and the Creek Confederacy - R. Michael Pryor 2010-08-10

Ethnicity, economics, and warfare! These were the factors that shaped the southern backcountry during the eighteenth century. Alexander McGillivray was by far one of the most influential Native American leaders from the Revolutionary and Federalist era. He became a central figure in the territorial struggles for commerce, sovereignty, and identity in what is now the southeastern region of the United States. In order to defend the borders of the Creek Confederacy McGillivray used an amazing mixture of political shrewdness, economic monopolization, and diplomatic finesse. During his relatively brief life of forty-three years he was commissioned as a British officer, a Spanish colonel, and an American brigadier general. However, throughout all of these seemingly conflicting positions he maintained an unyielding support for the Creek Indians and their right to exist as a people.

A Job You Mostly Won't Know How to Do - Pete Fromm 2019-05-07

A big-hearted novel "about the grace of friends and family, the true depth and patience of love, and the impossible privilege of what it means to be a father" (Caroline Leavitt, *New York Times* bestselling author of *Pictures of You*). For young couple Taz and Marnie, their fixer-upper is the symbol of their new life together: a work in progress, the beginning of something grand, all the more so when they learn a baby is on her way. But the blueprint for the perfect life eludes Taz when Marnie dies in childbirth, plummeting the taciturn carpenter headfirst into the new, strange world of fatherhood alone, a landscape of contradictions, of great joy and sorrow. With a supporting cast as rich and compelling as the wild Montana landscape, the novel follows Taz's first two years as a father—a job no one can be fully prepared for. The five-time winner of the Pacific Northwest Bookseller Award with more than eleven books in over twenty years, Pete Fromm has become one of the West's best literary legends. *A Job You Mostly Won't Know How To Do* beautifully captures people who end up building a life that is both unexpected and brave.

The Land Remembers - Ben Logan 1999

The author recalls his childhood growing up on a farm in Wisconsin

No One Wins Alone - Mark Messier 2021-10-26

The legendary Hall of Fame hockey player and six-time Stanley Cup champion tells his complete story for the first time, sharing the lessons about leadership and teamwork that defined his career, in this "inspirational memoir that transcends sports" (David Grann, #1 *New York Times* bestselling author). Mark Messier is one of the most accomplished athletes in the history of professional sports. He was a fierce competitor with a well-earned reputation as a winner. But few people know his real story, not only of the astonishing journey he took to making NHL history, but of the deep understanding of leadership and respect for the power of teamwork he gained. Messier tells of his early years with his tight-knit family, learning especially from his father, Doug—a hockey player, coach, and teacher. He describes what it was like entering the NHL as a teenager with a wild side, and growing close

with teammates Wayne Gretzky, Kevin Lowe, Paul Coffey, Glenn Anderson, and others during their high-flying dynasty years with the Edmonton Oilers. He chronicles summers spent looking for inspiration and renewed energy on trips to exotic destinations around the world. And he recounts the highs, lows, and hard work that brought the New York Rangers to the ultimate moment for a hockey club: lifting the Stanley Cup. Throughout, Messier shares insights about success, winning cultures, and how leaders can help teams overcome challenges. Told with heart and sincerity, *No One Wins Alone* "is about much more than just hockey. It has lessons anyone can use—be it in sports, business, or life" (Jack Nicklaus, PGA Major Championship winner and author of *My Golden Lessons*).

The River Why - David James Duncan 2015-09-08

The classic novel of fly fishing and spirituality republished with a new Afterword by the author. Since its publication in 1983, *The River Why* has become a classic. David James Duncan's sweeping novel is a coming-of-age comedy about love, nature, and the quest for self-discovery, written in a voice as distinct and powerful as any in American letters. Gus Orviston is a young fly fisherman who leaves behind his comically schizoid family to find his own path. Taking refuge in a remote cabin, he sets out in pursuit of the Pacific Northwest's elusive steelhead. But what begins as a physical quarry becomes a spiritual one as his quest for self-knowledge batters him with unforeseeable experiences. Profoundly reflective about our connection to nature and to one another, *The River Why* is also a comedic rollercoaster. Like Gus, the reader emerges utterly

changed, stripped bare by the journey Duncan so expertly navigates.

Killers of the Flower Moon - David Grann 2017-04-18

NATIONAL BOOK AWARD FINALIST • NATIONAL BESTSELLER • A twisting, haunting true-life murder mystery about one of the most monstrous crimes in American history, from the author of *The Lost City of Z*. In the 1920s, the richest people per capita in the world were members of the Osage Nation in Oklahoma. After oil was discovered beneath their land, the Osage rode in chauffeured automobiles, built mansions, and sent their children to study in Europe. Then, one by one, the Osage began to be killed off. The family of an Osage woman, Mollie Burkhart, became a prime target. One of her relatives was shot. Another was poisoned. And it was just the beginning, as more and more Osage were dying under mysterious circumstances, and many of those who dared to investigate the killings were themselves murdered. As the death toll rose, the newly created FBI took up the case, and the young director, J. Edgar Hoover, turned to a former Texas Ranger named Tom White to try to unravel the mystery. White put together an undercover team, including a Native American agent who infiltrated the region, and together with the Osage began to expose one of the most chilling conspiracies in American history. Look for David Grann's new book, *The Wager*, coming in April 2023!

[Graphic the Valley](#) - Peter Brown Hoffmeister 2013-06-18

Tenaya has never left Yosemite Valley. He was born in a car by the Merced River, and grew up in a hidden camp with his parents, surviving on fish, acorns, and unfinished food thrown away by the park's millions of tourists. But despite its splendor, Tenaya's Yosemite is a visceral place of opposites, at once beautiful, dangerous, and violent. When he meets

Lucy, a young woman from the south side of the park, Tenaya must choose between this new relationship and the Valley, terrorism and legend, the sacred versus the material. In this modern retelling of Samson and Delilah, Graphic the Valley explores mythical strength, worldly greed, love, lust, and epic destruction. Set entirely in the majestic Yosemite Valley, Hoffmeister recalls Edward Abbey's vivid sense of place and urgent call for preservation of one of the world's most spectacular sites.

The Names of the Stars - Pete Fromm 2016-09-27

Winner of Honor Book for the 2016 Montana Book Award At twenty years old, Pete Fromm heard of a job babysitting salmon eggs, seven winter months alone in a tent in the Selway-Bitterroot Wilderness. Leaping at this chance to be a mountain man, with no experience in the wilds, he left the world. Thirteen years later, he published his beloved memoir of that winter, *Indian Creek Chronicles —Into the Wild* with a twist. Twenty five years later, he was asked to return to the wilderness to babysit more fish eggs. But no longer a footloose twenty year old, at forty-five, he was the father of two young sons. He left again, alone, straight into the heart of Montana's Bob Marshall wilderness, walking a daily ten mile loop to his fish eggs through deer and elk and the highest density of grizzly bears in the lower 48 states. *The Names of the Stars* is

not only a story of wilderness and bears but also a trek through a life lived at its edges, showing how an impulsive kid transformed into a father without losing his love for the wilds. From loon calls echoing across Northwood lakes to the grim realities of life guarding in the Nevada desert, through the isolation of Indian Creek and years spent running the Snake and Rio Grande as a river ranger, Pete seeks out the source of this passion for wildness, as well as explores fatherhood and mortality and all the costs and risks and rewards of life lived on its own terms.

The Living Forest - Robert Llewellyn 2017-10-04

"With precise, stunning photographs and a distinctly literary narrative that tells the story of the forest ecosystem along the way, *The Living Forest* is an invitation to join in the eloquence of seeing." —Sierra Magazine From the leaves and branches of the canopy to the roots and soil of the understory, the forest is a complex, interconnected ecosystem filled with plants, birds, mammals, insects, and fungi. Some of it is easily discovered, but many parts remain difficult or impossible for the human eye to see. Until now. *The Living Forest* is a visual journey that immerses you deep into the woods. The wide-ranging photography by Robert Llewellyn celebrates the small and the large, the living and the dead, and the seen and the unseen. You'll discover close-up images of owls, hawks, and turtles; aerial photographs that show herons in flight; and time-lapse imagery that reveals the slow change of leaves. In an ideal blend of art and scholarship, the 300 awe-inspiring photographs are supported by lyrical essays from Joan Maloof detailing the science behind the wonder.

Into the Forest - Jean Hegland 2009-12-23

NOW A MAJOR MOTION PICTURE • Set in the near-future, *Into the Forest* is a powerfully imagined novel that focuses on the relationship between two teenage sisters living alone in their Northern California forest home. Over 30 miles from the nearest town, and several miles away from their nearest neighbor, Nell and Eva struggle to survive as society begins to decay and collapse around them. No single event precedes society's fall. There is talk of a war overseas and upheaval in Congress, but it still comes as a shock when the electricity runs out and gas is nowhere to be found. The sisters consume the resources left in the

house, waiting for the power to return. Their arrival into adulthood, however, forces them to reexamine their place in the world and their relationship to the land and each other. Reminiscent of Margaret Atwood's *A Handmaid's Tale*, *Into the Forest* is a mesmerizing and thought-provoking novel of hope and despair set in a frighteningly plausible near-future America. Praise for *Into the Forest* "[A] beautifully written and often profoundly moving novel."—San Francisco Chronicle "A work of extraordinary power, insight and lyricism, *Into the Forest* is both an urgent warning and a passionate celebration of life and love."—Riane Eisler, author of *The Chalice and the Blade* "From the first page, the sense of crisis and the lucid, honest voice of the . . . narrator pull the reader in. . . . A truly admirable addition to a genre defined by the very high standards of George Orwell's 1984."—Publishers Weekly (starred review) "Beautifully written."—Kirkus Reviews "This beautifully written story captures the essential nature of the sister bond: the fierce struggle to be true to one's own self, only to learn that true strength comes from what they are able to share together."—Carol Saline, co-author of *Sisters* "Jean Hegland's sense of character is firm, warm, and wise. . . . [A] fine first novel."—John Keeble, author of *Yellowfish*

As Cool As I Am - Pete Fromm 2007-04-01

As a teenager pretty much left to raise herself, Lucy Diamond is a narrator with a radiant yet guarded heart. As she races at breakneck pace toward womanhood, everything is at stake for her, producing an urgency and dread that she holds at bay with humor and grace. But while Lucy charges ahead, her mother's youth is fading. Simultaneously embracing and resisting their similarities, Fromm reveals both women's emotional vulnerabilities and their deep mutual need. Conveyed through dialogue that is both laugh-aloud-funny and true, Lucy stands out in contemporary literature for her large heart and inimitable grit.

Working the Wilderness: Early Leaders for Wild Lands - John McCarthy 2019-04-15

Working the Wilderness: Early Leaders for Wild Lands tells true stories about four men and one woman who established how to work in and be in the wilderness. They were guides for protection of wilderness and for

the protectors who followed them. Their lives were immersed in service to wild land and the American People. They worked for the U.S. Forest Service, centered in the vast Selway-Bitterroot Wilderness of Idaho and Montana. Three were active before and after the Wilderness Act of 1964. The younger two came in at the beginning of the modern wilderness era. They all adapted skills of the pioneers to the new land designation. Their stories celebrate heroes for the enduring resource of wilderness and point to the future to keep their legacies thriving.

The Final Frontiersman - James Campbell 2007-11-01

The inspiration for The Last Alaskans—the eight-part documentary series on the Discovery Channel! Called “[one of] the greatest life-or-death-tales ever told” (Esquire), James Campbell’s inimitable insider account of a family’s nomadic life in the unshaped Arctic wilderness “is an icily gripping, intimate profile that stands up well beside Krakauer’s classic [Into the Wild], and it stands too, as a kind of testament to the rough beauty of improbably wild dreams” (Men’s Journal). Hundreds of hardy people have tried to carve a living in the Alaskan bush, but few have

succeeded as consistently as Heimo Korth. Originally from Wisconsin, Heimo traveled to the Arctic wilderness in his feverous twenties. Now, more than three decades later, Heimo lives with his wife and two daughters approximately 200 miles from civilization—a sustainable, nomadic life bounded by the migrating caribou, the dangers of swollen rivers, and by the very exigencies of daily existence. In The Final Frontiersman, Heimo’s cousin James Campbell chronicles the Korth family’s amazing experience, their adventures, and the tragedy that continues to shape their lives. With a deft voice and in spectacular, at times unimaginable detail, Campbell invites us into Heimo’s heartland and home. The Korths wait patiently for a small plane to deliver their provisions, listen to distant chatter on the radio, and go sledding at 44° below zero—all the while cultivating the hard-learned survival skills that stand between them and a terrible fate. Awe-inspiring and memorable, The Final Frontiersman reads like a rustic version of the American Dream and reveals for the first time a life undreamed by most of us: amid encroaching environmental pressures, apart from the herd, and alone in a stunning wilderness that for now, at least, remains the final frontier.
