Race and Ethnicity - Stephen Spencer 2014-03-14

Broad-ranging and comprehensive, this completely revised and updated textbook is a critical guide to issues and theories of 'race' and ethnicity. It shows how these concepts came into being during colonial domination and how they became central - and until recently, unquestioned - aspects of social identity and division. This book provides students with a detailed understanding of colonial and post-colonial constructions, changes and challenges to race as a source of social division and inequality. Drawing upon rich international case studies from Australia, Guyana, Canada, Malaysia, the Caribbean, Mexico, Ireland and the UK, the book clearly explains the different strands of theory which have been used to explain the dynamics of race. These are critically scrutinised, from biological-based ideas to those of critical race theory. This key text includes new material on changing multiculturalism, immigration and fears about terrorism, all of which are critically assessed. Incorporating summaries, chapter-by-chapter questions, illustrations, exercises and a glossary of terms, this student-friendly text also puts forward suggestions for further project work. Broad in scope, interactive and accessible, this book is a key resource for undergraduate students of 'race' and ethnicity across the social sciences.

The Strange Last Voyage of Donald Crowhurst - Nicholas Tomalin 2017-10-03

In early 1968, desperate entrepreneur Donald Crowhurst was trying to sell a nautical navigation device he had developed when he saw that the Sunday Times would be sponsoring the Golden Globe Race, the first ever solo, round-the-world sailing competition. An avid amateur sailor, Crowhurst sensed a marketing opportunity and shocked the world by entering the competition using an untested trimaran of his own design. Shock soon turned to amazement when he quickly took the lead, checking in by radio message from locations far ahead of his seasoned competitors. But on July 10, 1969, roughly eight months after he had sailed from England--and less than two weeks from his expected

triumphant return--his wife was informed that his boat, the Teignmouth Electron, had been discovered drifting quietly, abandoned in the middle of the Atlantic Ocean. Crowhurst was missing, assumed drowned. How did he come to such an end when his race had begun with such incredible promise? In this masterpiece of investigative journalism, Nicholas Tomalin and Ron Hall reconstruct one of the greatest modern stories of one man's descent into self-delusion, public deception, and madness. Based on in-depth interviews with Crowhurst's family and friends, combined with gripping excerpts from his logbooks that revealed (among other things) he had been falsifying his locations all along, Tomalin and Hall paint an unforgettable, haunting portrait of a complex, deeply troubled man and his final fateful journey.

Tooth and Claw - T. C. Boyle 2011-07-01

This new collection of short stories from T.C. Boyle finds him at his mercurial best. Inventive, wickedly funny, sometimes disturbing, these are stories about drop-outs, deadbeats and kooks. Take the man who shares his apartment with a wildcat won in a drunken bet; the drive-time shock jock hallucinating from sleep deprivation for a publicity stunt; the suburban woman who joins a pack of dogs, eating rabbits and baying at the moon. With a unique deftness of touch and a keen eye for the telling detail, Boyle has mapped the strange underworld of America.

McCarthy's Bar - Pete McCarthy 2014-03-18

"It was half past five in the morning as I lurched through the front door of the B&B. Mrs. O'Sullivan appeared just in time to see me pause to admire the luminous Virgin holy water stand with integral night-light, and knock it off the wall. Politely declining the six rounds of ham sandwiches on the tray she was holding, I edged gingerly along the hallway to the wrong bedroom door and opened it." Despite the many exotic places Peter McCarthy has visited, he finds that nowhere else can match the particular magic of Ireland, his mother's homeland. In McCarthy's Bar, his journey begins in Cork and continues along the west coast to Donegal in the north. Traveling through spectacular landscapes,

but at all times obeying the rule, "never pass a bar that has your name on it," he encounters McCarthy's bars up and down the land, meeting fascinating people before pleading to be let out at four o'clock in the morning. Through adventures with English hippies who have colonized a desolate mountain; roots-seeking, buffet-devouring American tourists; priests for whom the word "father" has a loaded meaning; enthusiastic Germans who "here since many years holidays are making;" and his fellow barefoot pilgrims on an island called Purgatory, Peter pursues the secrets of Ireland's global popularity and his own confused Irish-Anglo identity. Written by someone who is at once an insider and an outsider, McCarthy's Bar is a wonderfully funny and affectionate portrait of a rapidly changing country.

Diamanten im Staub - Charmaine Pauls 2021-10-21

Männer wie wir sehen Dinge. Wir tun Dinge, die uns gefühllos machen. Das ist der Preis für Macht und Geld, dafür, dass wir la belle vie leben und die französische Mafia leiten. Dann tauchte sie auf wie eine hübsche Wildblume, die durch die Ritzen eines schmutzigen Pflasters wächst - zerbrechlich und doch unverwüstlich, ein Hauch von Schönheit inmitten des Schmutzes. Sie sollte nur ein weiterer Job sein, eine namenlose

Person, die ich aus ihrem Leben reißen und meinem Bruder übergeben sollte, nichts weiter als ein Pfand in unserem Diamantengeschäft. Für Männer wie uns gibt es einen psychologischen Stempel. Uns fehlt es an Empathie und Schuldgefühlen. Wir tun Dinge, um zu bekommen, was wir wollen, Dinge, die Blumen verwelken lassen.

Coming Home to Germany? - David Rock 2002

The end of World War II led to one of the most significant forced population transfers in history: the expulsion of over 12 million ethnic Germans from Central and Eastern Europe between 1945 and 1950 and the subsequent emigration of another four million in the second half of the twentieth century. Although unprecedented in its magnitude, conventional wisdom has it that the integration of refugees, expellees, and Aussiedler was a largely successful process in postwar Germany. While the achievements of the integration process are acknowledged, the volume also examines the difficulties encountered by ethnic Germans in the Federal Republic and analyses the shortcomings of dealing with this particular phenomenon of mass migration and its consequences.
