*Mein Englisch-Bildwörterbuch* - 2004

Trotz anderem Cover: Identisch in Themen, Illustrationen und Vokabeln ist das Buch schon mehrfach aufgelegt worden: Zunächst als "Ur"Version "Ich lerne Englisch" (BA 10/97). Dann, 2001 im Gondrom Verlag, als "Mein erstes großes Englisch Bildwörterbuch", ISBN 3811218697, (nicht besprochen, inzwischen nicht mehr erhältlich). Der GondromVerlag baute den Titel auch als ganze Reihe aus, u.a. "Mein erstes großes Italienisch Bildwörterbuch", "Mein erstes großes Türkisch Bildwörterbuch" (beide BA 9/03). Mit neuem Cover, etwas kleinformatiger, etwas günstiger, ansonsten unverändert, wird die Reihe nun wieder beim LoeweVerlag herausgegeben. Sprich: Wer bereits eine der beiden oben genannten EnglischBildwörterbücher besitzt, braucht diesen Titel außer als Austausch oder Staffelexemplar demnach nicht zu kaufen. Für alle anderen gilt die sehr positive Bewertung der "UrVersion" immer noch trotz der inzwischen größeren Anzahl von Konkurrenzprodukten . So kann vorliegender Titel jetzt neben dem etwas umfangreicheren "Bildwörterbuch Englisch" von Langenscheidt (BA 7/03) vorbehaltlos empfohlen werden. .

In Themen wie Familie, Alltag, Freizeit etc. wird ein Wortschatz von rund 800 Wörtern vermittelt. Ab 6.

**Using Online Dictionaries** - Carolin Müller-Spitzer 2014-02-27

Until now, there has been very little research into the use of online dictionaries. In contrast, the market for online dictionaries is increasing both for academic lexicography and for commercial lexicography, with sales figures for printed reference works in continual decline. This has led to a demand for reliable empirical information on how online dictionaries are actually being used and how they could be made more user-friendly. The volume Using Online Dictionaries makes a substantial contribution to closing this research gap. It is divided into four parts: The first part contains articles on fundamental issues: a research review of the empirical studies on digital dictionaries which have already been carried out, and a brief methodological guideline for lexicographical researchers who are interested in conducting their own empirical research. The second part contains the results of two studies that focus on general questions about the use of online dictionaries. It presents empirical data on contexts of dictionary use, on expectations and demands regarding online dictionaries. Furthermore, innovative features, such as the use of multimedia elements or the option of a user-adaptive interface and questions of design were assessed empirically. The third part of this volume comprises more specific studies of online dictionaries: an eye-tracking study evaluating the new web design of the dictionary portal OWID and a log file study which tries to get to the bottom of the following question: Do dictionary users look up frequent words, or put differently, is there a connection between how often a word is looked up and how often it appears in a corpus? In the last chapter of this thematic section, the question of how users judge the combination of a written paraphrase and an additional illustration in illustrated online dictionaries is addressed. The last part focuses on the use of monolingual dictionaries, in particular the German online dictionary elexiko. In this context, two online questionnaire-based studies were carried out. The empirical studies were conducted in the form of online surveys combining questionnaires and experimental elements and in the form of laboratory studies using eye-tracking technology as well as using observational methods such as log file analyses. Regarding the comprehensive research framework, this volume can be relevant to lexicographers, metalexicographers and linguists who are interested in the use of (online) dictionaries and in the development and exploration of lexicographical data for the internet, as well as linguists interested in empirical methods. It addresses a broad expert audience by presenting an academic subject which is currently the focus of much discussion.

The Other Two - Edith Wharton 2014-03-01

The Other Two is a short story by Edith Wharton. Edith Wharton ( born Edith Newbold Jones; January 24, 1862 - August 11, 1937) was a Pulitzer Prize-winning American novelist, short story writer, and designer. She was nominated for the Nobel Prize in Literature in 1927, 1928 and 1930. Wharton combined her insider's view of America's privileged classes with a brilliant, natural wit to write humorous, incisive novels and short stories of social and psychological insight. She was well acquainted with many of her era's other literary and public figures, including Theodore Roosevelt. Wharton was born to George Frederic Jones and Lucretia Stevens Rhineland in New York City. She had two brothers, Frederic Rhineland and Henry Edward. The saying "Keeping up with the Joneses" is said to refer to her father's family. She was also related to the Rensselaer family, the most prestigious of the old patroon families. She had a lifelong friendship with her Rhineland niece, landscape architect Beatrix Farrand of Reef Point in Bar Harbor, Maine. In 1885, at 23, she married Edward (Teddy) Robbins Wharton, who was 12 years older. From a well-established Philadelphia family, he was a sportsman and gentleman of the same social class and shared her love of travel. From the late 1880s until 1902, he suffered acute depression, and the couple ceased their extensive travel. At that time his depression manifested as a more serious disorder, after which they lived almost exclusively at The Mount, their estate designed by Edith Wharton. In 1908 her husband's mental state was determined to be incurable. She divorced him in 1913. Around the same time, Edith was overcome with the harsh criticisms leveled by the naturalist writers. Later in 1908 she began an affair with Morton Fullerton, a journalist for The Times, in whom she found an intellectual partner. In addition to novels, Wharton wrote at least 85 short stories. She was also a garden designer, interior designer, and taste-maker of her time. She wrote several design books, including her first published work, The Decoration of Houses of 1897, co-authored by Ogden Codman. Another is the generously illustrated Italian Villas and Their Gardens of 1904.

**Hell at the Breech** - Tom Franklin 2009-10-13

In 1897, an aspiring politician is mysteriously murdered in the rural area of Alabama known as Mitcham Beat. His outraged friends -- —mostly poor cotton farmers -- form a secret society, Hell-at-the-Breech, to punish the townspeople they believe responsible. The hooded members wage a bloody year-long campaign of terror that culminates in a massacre where the innocent suffer alongside the guilty. Caught in the maelstrom of the Mitcham war are four people: the aging sheriff sympathetic to both sides; the widowed midwife who delivered nearly every member of Hell-at-the-Breech; a ruthless detective who wages his own

war against the gang; and a young store clerk who harbors a terrible secret. Based on incidents that occurred a few miles from the author's childhood home, Hell at the Breech chronicles the events of dark days that led the people involved to discover their capacity for good, evil, or for both.
