### Should Trees Have Standing? -

Christopher D. Stone 1974

"In this book, Professor Stone traces the development of the idea of legal rights, reminding us that children, old people, women, aliens, and "minorities" have been treated as without rights in many societies throughout human history. Although each new movement

to confer rights on some new "entity" may have seemed "odd or frightening or laughable" at the time, Stone points out that legal rights have been extended and previously rightless people (and things) have come to be recognized and valued for themselves. he then develops his thesis and proposal that we give legal rights to "natural objects" in the environment--and to the natural environment as a whole"--Back cover.

### **Contract Law in the Czech Republic** - Josef Fiala

2020-01-14

Derived from the renowned multi-volume International Encyclopaedia of Laws, this practical analysis of the law of contracts in the Czech Republic covers every aspect of the subject - definition and classification of contracts, contractual liability, relation to the law of property, good faith, burden of proof, defects,

penalty clauses, arbitration clauses, remedies in case of non-performance, damages, power of attorney, and much more. Lawyers who handle transnational contracts will appreciate the explanation of fundamental differences in terminology, application, and procedure from one legal system to another, as well as the international aspects of contract law. Throughout the book, the treatment emphasizes drafting considerations. An introduction in which contracts are defined and contrasted to torts, quasi-contracts, and property is followed by a discussion of the concepts of 'consideration' or 'cause' and other underlying principles of the formation of contract. Subsequent chapters cover the doctrines of 'relative effect', termination of contract, and remedies for non-performance. The second part of the book, recognizing the need to categorize an agreement as a specific contract in order to determine the rules which apply to it, describes the nature of agency,

sale, lease, building contracts, and other types of contract. Facts are presented in such a way that readers who are unfamiliar with specific terms and concepts in varying contexts will fully grasp their meaning and significance. Its succinct yet scholarly nature, as well as the practical quality of the information it provides, make this book a valuable time-saving tool for business and legal professionals alike.

Lawyers representing parties with interests in the Czech Republic will welcome this very useful guide, and academics and researchers will appreciate its value in the study of comparative contract law.

*How to Break an Apartment Lease - A Step by Step Guide -*  
Bruce Marks 2012-10-15

HOW TO BREAK AN APARTMENT LEASE WITH NO PENALTY OR DAMAGE TO YOUR CREDIT - A STEP BY STEP GUIDE. Read in an hour, take immediate action and be on your way. An excellent, comprehensive and practical guide to getting out of a lease. Great for those in a lease

contract and need to get out of it. Lease terms and conditions are stringent. Learn to navigate around them and break your lease without coughing up hefty fines and penalties or damage your credit history. Breaking a lease has other severe consequences as well. You want to avoid a lawsuit at all costs. You want to maintain a good credit score, especially if you plan on applying for a credit card, car loan or a mortgage in the near future. Maintaining a good rental history with previous landlords benefits you with future landlord and lenders. This book has been compiled with years of rental real estate experience. After years of giving personal advice to tenants in a bind, the author has compiled this practical and more importantly actionable guide for anyone in a similar situation who'd like to get out of a lease early without incurring fines, penalties and damaging their credit. The author hopes that this "do it yourself guide" helps every tenant in need of it. TABLE OF

CONTENTS INTRODUCTION

*Campsite* - Charlie Hailey

2008-06-01

Camping is perhaps the quintessential American activity. We camp to escape, to retreat, to "find" ourselves. The camp serves as a home-away-from-home where we might rethink a deliberate life. We also camp to find a new collective space where family and society converge. Many of us attended summer camps, and the legacies of these childhood havens form part of American culture. In *Campsite*, Charlie Hailey provides a highly original and artfully composed interpretation of the cultural significance and inherently paradoxical nature of camps and camping in contemporary American society. Offering a new understanding of the complex relationship between place, time, and architecture in an increasingly mobile culture, Hailey explores campsites as places that necessitate a unique combination of contrasting qualities, such as locality and foreignness, mobility and fixity, temporality and permanence, and public

domesticity. Camping methods reflect the rigid flexibility of the process: leaving home, arriving at a site, clearing an area, making and then finally breaking camp. The phases of this sequence are both separate and indistinct. To understand this paradox, Hailey emphasizes the role of process. He constructs a philosophical framework to elucidate the "placefulness" -- or sense of place -- of such temporary constructions and provides alternative understandings of how we think of the home and of public versus private dwelling spaces. Historically, camps have been used as places for scouting out future towns, for clearing provisional spaces, and for making semipermanent homes-away-from-home. To understand how "cultures of camping" develop and accommodate this dynamic mix of permanence and flexibility, Hailey looks at three basic qualities of the camp: as a site for place-making, as a populist precursor for modern built environments, and as a

"method." Hailey's creative and philosophical approach to camps and camping allows him to construct links between such diverse projects as the "philosophers' camps" of the mid-nineteenth century, the idiosyncratic camping clubs that arose with the automobile culture in the early 1920s, and more recent uses of campsites as temporary housing for those displaced by Hurricane Katrina. In *Campsite*, Hailey makes a singular and significant contribution to current studies of place and vernacular architecture while also reconfiguring methods of research in cultural studies, architectural theory, and geography.

*Wisdom in the Open Air* - Peter Reed 1993

"Wisdom in the Open Air" traces the Norwegian roots of the strain of thinking called "deep ecology" - the search for the solutions to environmental problems by examining the fundamental tenets of our culture. Although Arne Naess coined the term in the 1970s, the insights of deep ecology

actually reflect a whole tradition of thought that can be seen in the history of Norwegian culture, from ancient mountain myths to the radical ecoactivism of today. Beginning with an introduction to Norway's emphasis on nature and the wild, Reed and Rothenberg explore the birth of the environmental movement in the 1960s and 1970s. What follows is a collection of writings by prominent Norwegian thinkers on humanity and nature, most never before published in English. From Peter Wessel Zapffe, a twentieth-century Kierkegaardian figure, the list goes on to include Arne Naess, activist/critic/artist Sigmund Kvaloy, wilderness educator Nils Faarlund, novelist Finn Alnaes, sociologist Johan Galtung, and social reformer Erik Dammann. Their points of view offer thoughts on the significance of modern life and what it means to be human in the face of deteriorating environmental global trends of the 20th century. "Wisdom in the Open Air" asks and

answers a fundamental question concerning the ecomovement: what is the role of deep, often abstract, thinking in the attempt to avert a very real ecological crisis?

*Sharecropping and Sharecroppers* - T. J. Byres  
2005-08-02

First Published in 1983.  
Routledge is an imprint of Taylor & Francis, an informa company.

**Women's Buddhism, Buddhism's Women** - Ellison Banks Findly  
2000-06-15

A call to action for Buddhist women re-examines the religion's history and women's place in it while encouraging women to take a more active role in the religion. Original.

**North Eastern Reporter** -  
1938

*Lincoln The Unknown* - Dale Carnegie  
2021-05-06  
Lincoln the Unknown is a biography of Abraham Lincoln, written by Dale Carnegie and given out as a prize in the Dale Carnegie Course. The book offers an inspiring glimpse into Lincoln's legendary life: The

hardships of his early years, the difficulties of his White House days, his tragicomic marriage, and the war with the South. Abraham Lincoln, a farm boy, becomes the President of the United States. He travels miles to borrow books; reading being the dominant passion of his for quarter of a century. Lincoln The Unknown By Dale Carnegie Actually, book is really a home window to the world. Also many people might not appreciate reviewing publications; the books will certainly always offer the exact info about reality, fiction, encounter, journey, politic, faith, as well as a lot more. We are below a site that provides collections of books more than guide store.

[A Transcendental Diary](#) - Hari Šauri Dāsa 1994-10-01

**Everyday Legal Forms & Agreements** - Socrates Media (EDT) 2005-05-28

Protect yourself, your family, your property and your business in virtually every situation. Ready-to-use forms

help you with buying and selling real estate, starting and running a business, drafting wills and much more.

*The State of the World's Cities 2004/2005* - 2004

As towns and cities expand at unprecedented rates, sustainable urban development is one of the most pressing challenges facing the international community in the 21st century. This publication examines the realities faced by urban populations around the world, focusing on the impact of globalisation and the way cities are governed and planned, on the make-up and density of their population, and on their cultures and economies. Issues considered include: the impact of globalisation on urban culture; urban renewal and cultural strategies; the concept of metropolitanization; socio-economic and cultural impacts of international migration; urban poverty and homelessness, social inequality and exclusion; urban governance, safety and crime trends; contemporary planning

strategies and the role of civil society; progress towards attainment of the Millennium Development Goals targets for sanitation and housing. The report highlights the need for a new culture of planning to establish multicultural and inclusive cities, involving civil society as well as public authorities.

### **The Indigenous World 2005**

- Diana Vinding 2005

"The Indigenous World 2005 gives an overview of crucial developments in 2004 that have impacted on the indigenous peoples of the world."--BOOK JACKET.

*Official Gazette* - Philippines 1992

Pioneers of Zionism: Hess,

Pinsker, Rülff - Julius H.

Schoeps 2013-08-28

The emerging Jewish national consciousness in Europe toward the end of the 19th century claims many spiritual fathers, some of which have been seriously underestimated so far. Zionist intellectuals such as Moses Hess, Leon Pinsker and Isaac Rülff were

already committed to the self-liberation of the Jewish people long before Theodor Herzl.

Their experiences and observations brought them to believe that the emancipation and integration of Jews were not realistically possible in Europe. Instead, they began to think in national and territorial terms. The author explores the question as to what extent religious messianism influenced the ideas of these men and how this reflects in today's collective Israeli consciousness. In a comprehensive epilogue, Julius H. Schoeps critically correlates ideas of messianic salvation, Zionist pioneer ideals, the settler's movement before and after 1967, and the unsolved conflict between Israelis and Palestinians which has been lasting for over 100 years.

### **Warning Miracle -**

Hannibal - Thomas Harris

2009-06-23

#1 NEW YORK TIMES

BESTSELLER • "Is it as good as Red Dragon and Silence of the Lambs? No . . . this one is

better.”—Stephen King, *The New York Times Book Review* You remember Hannibal Lecter: gentleman, genius, cannibal. Seven years have passed since Dr. Lecter escaped from custody. And for seven years he’s been at large, free to savor the scents, the essences, of an unguarded world. But intruders have entered Dr. Lecter’s world, piercing his new identity, sensing the evil that surrounds him. For the multimillionaire Hannibal left maimed, for a corrupt Italian policeman, and for FBI agent Clarice Starling, who once stood before Lecter and who has never been the same, the final hunt for Hannibal Lecter has begun. All of them, in their separate ways, want to find Dr. Lecter. And all three will get their wish. But only one will live long enough to savor the reward. . . . Praise for Hannibal “Interested in getting the hell scared out of you? Buy this book on a Friday . . . lock all doors and windows. And by Monday , you might just be able to sleep without a night-light.”—*Newsday* “Strap

yourself in for one heck of a ride. . . . It’ll scare your socks off.”—*Denver Post* “A stunner . . . writing in language as bright and precise as a surgeon’s scalpel, Harris has created a world as mysterious as Hannibal’s memory palace and as disturbing as a Goya painting. This is one book you don’t want to read alone at night.”—*The Atlanta Journal-Constitution* “Relentless . . . endlessly terrifying . . . 486 fast-paced pages, in which every respite is but a prelude to further furious action . . . Hannibal begins with a murderous paroxysm that leaves the reader breathless. . . . Hannibal speaks to the imagination, to the feelings, to the passions, to exalted senses and to debased ones. Harris’s voice will be heard for a while.”—*Los Angeles Times* “A pleasurable sense of dread.”—*The Wall Street Journal* “Enormously satisfying . . . a smashing good time, turning the pages for thrills, chills, horror and finally, a bracing, deliciously wicked slap in the face . . . perhaps the

very best the thriller/horror genre is capable of producing.”—San Diego Union-Tribune

*Should Trees Have Standing?* -

Christopher D. Stone

2010-04-07

Originally published in 1972, *Should Trees Have Standing?* was a rallying point for the then burgeoning environmental movement, launching a worldwide debate on the basic nature of legal rights that reached the U.S. Supreme Court. Now, in the 35th anniversary edition of this remarkably influential book, Christopher D. Stone updates his original thesis and explores the impact his ideas have had on the courts, the academy, and society as a whole. At the heart of the book is an eminently sensible, legally sound, and compelling argument that the environment should be granted legal rights. For the new edition, Stone explores a variety of recent cases and current events--and related topics such as climate change and protecting the oceans--providing a thoughtful

survey of the past and an insightful glimpse at the future of the environmental movement. This enduring work continues to serve as the definitive statement as to why trees, oceans, animals, and the environment as a whole should be bestowed with legal rights, so that the voiceless elements in nature are protected for future generations.

Financial Performance Representations - Stuart Hershman 2008

This book sheds light on all aspects of earnings claims, including defining what an earnings claim really is, the origins of its regulation under the franchise disclosure laws, how a franchisor should prepare an earnings claim, how a franchisee should use an earnings claim, how a franchisee may attack lawful and unlawful earnings claims, how a franchisor may defend against such attacks, and how the government franchise enforcement authorities, investigate unlawful earnings claim activity.

History of Johnson County,

Indiana - Elba L. Branigin 1913

Pagan and Christian Rome - Rodolfo Amedeo Lanciani 1892  
A well-illustrated study of the famous places and buildings in Rome in the early Christian period.

**Reminiscences of the Nehru Age** - M. O. Mathai 1978  
Reminiscences of the author, special assistant, 1946 to 1959, to Jawaharlal Nehru, 1889-1964, former Prime Minister of India.

**The Book of Trinity College, Dublin, 1591-1891** - Trinity College (Dublin, Ireland) 1892

*Delta Empire* - Jeannie Whayne 2011-12-05

In *Delta Empire*: Lee Wilson and the Transformation of Agriculture in the New South Jeannie Whayne employs the fascinating history of a powerful plantation owner in the Arkansas delta to recount the evolution of southern agriculture from the late nineteenth century through World War II. After his father's death in 1870, Robert E. "Lee" Wilson inherited 400 acres of

land in Mississippi County, Arkansas. Over his lifetime, he transformed that inheritance into a 50,000-acre lumber operation and cotton plantation. Early on, Wilson saw an opportunity in the swampy local terrain, which sold for as little as fifty cents an acre, to satisfy an expanding national market for Arkansas forest reserves. He also led the fundamental transformation of the landscape, involving the drainage of tens of thousands of acres of land, in order to create the vast agricultural empire he envisioned. A consummate manager, Wilson employed the tenancy and sharecropping system to his advantage while earning a reputation for fair treatment of laborers, a reputation—Whayne suggests—not entirely deserved. He cultivated a cadre of relatives and employees from whom he expected absolute devotion. Leveraging every asset during his life and often deeply in debt, Wilson saved his company from bankruptcy several times, leaving it to the next

generation to successfully steer the business through the challenges of the 1930s and World War II. Delta Empire traces the transition from the labor-intensive sharecropping and tenancy system to the capital-intensive neo-plantations of the post-World War II era to the portfolio plantation model. Through Wilson's story Whayne provides a compelling case study of strategic innovation and the changing economy of the South in the late nineteenth century.

*The Report of the Policy Forum on the Future of Health & Health Care in the UK* - Liz Kendall 2000

**Pioneer Citizens' History of Atlanta, 1833-1902** - Pioneer citizens' society. Atlanta 1902

**Hellenistic History and Culture** - Peter Green 1993

In a 1988 conference, American and British scholars unexpectedly discovered that their ideas were converging in ways that formed a new picture of the variegated Hellenistic

mosaic. That picture emerges in these essays and eloquently displays the breadth of modern interest in the Hellenistic Age. A distrust of all ideologies has altered old views of ancient political structures, and feminism has also changed earlier assessments. The current emphasis on multiculturalism has consciously deemphasized the Western, Greco-Roman tradition, and Nubians, Bactrians, and other subject peoples of the time are receiving attention in their own right, not just as recipients of Greco-Roman culture. History, like Herakleitos' river, never stands still. These essays share a collective sense of discovery and a sparking of new ideas—they are a welcome beginning to the reexploration of a fascinatingly complex age. Weber's Rationalism and Modern Society - 2015-04-08 Weber's Rationalism and Modern Society rediscovers Max Weber for the twenty-first century. Tony and Dagmar Waters' translation of Weber's works highlights his

contributions to the social sciences and politics, credited with highlighting concepts such as "iron cage," "bureaucracy," "bureaucratization," "rationalization," "charisma," and the role of the "work ethic" in ordering modern labor markets. Outlining the relationship between community (Gemeinschaft), and market society (Gesellschaft), the issues of social stratification, power, politics, and modernity resonate just as loudly today as they did for Weber during the early twentieth century.

### **Later Queens of the French**

**Stage** - H. Noel Williams

2021-05-19

"Later Queens of the French Stage" by H. Noel Williams. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been

meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format. *Democracy and the Rule of Law in Classical Athens* - Edward M. Harris 2006-04-17 This volume brings together essays on Athenian law by Edward M. Harris, who challenges much of the recent scholarship on this topic. Presenting a balanced analysis of the legal system in ancient Athens, Harris stresses the importance of substantive issues and their contribution to our understanding of different types of legal procedures. He combines careful philological analysis with close attention to the political and social contexts of individual statutes. Collectively, the essays in this volume demonstrate the relationship between law and politics, the nature of the economy, the position of women, and the role of the legal system in Athenian society. They also show that

the Athenians were more sophisticated in their approach to legal issues than has been assumed in the modern scholarship on this topic.

*The Spirit of Cities* - Daniel A. Bell 2013-10-27

A lively and personal book that returns the city to political thought. Cities shape the lives and outlooks of billions of people, yet they have been overshadowed in contemporary political thought by nation-states, identity groups, and concepts like justice and freedom. *The Spirit of Cities* revives the classical idea that a city expresses its own distinctive ethos or values. In the ancient world, Athens was synonymous with democracy and Sparta represented military discipline. In this original and engaging book, Daniel Bell and Avner de-Shalit explore how this classical idea can be applied to today's cities, and they explain why philosophy and the social sciences need to rediscover the spirit of cities. Bell and de-Shalit look at nine modern cities and the prevailing ethos

that distinguishes each one.

The cities are Jerusalem (religion), Montreal (language), Singapore (nation building), Hong Kong (materialism), Beijing (political power), Oxford (learning), Berlin (tolerance and intolerance), Paris (romance), and New York (ambition). Bell and de-Shalit draw upon the richly varied histories of each city, as well as novels, poems, biographies, tourist guides, architectural landmarks, and the authors' own personal reflections and insights. They show how the ethos of each city is expressed in political, cultural, and economic life, and also how pride in a city's ethos can oppose the homogenizing tendencies of globalization and curb the excesses of nationalism. *The Spirit of Cities* is unreservedly impressionistic. Combining strolling and storytelling with cutting-edge theory, the book encourages debate and opens up new avenues of inquiry in philosophy and the social sciences. It is a must-read for lovers of cities everywhere. In

a new preface, Bell and de-Shalit further develop their idea of "civicism," the pride city dwellers feel for their city

and its ethos over that of others.

*Forced Evictions-- Towards Solutions? - 2007*
