*Ase Materials Science and Engineering* - William D. Callister 2006-03-01

*Sleeping with the Enemy* - Hal Vaughan 2012-08-07

This explosive narrative reveals for the first time the shocking hidden years of Coco Chanel's life: her collaboration with the Nazis in Paris, her affair with a master spy, and her work for the German military intelligence service and Himmler's SS. Gabrielle "Coco" Chanel was the high priestess of couture who created the look of the modern woman. By the 1920s she had amassed a fortune and went on to create an empire. But her life from 1941 to 1954 has long been shrouded in rumor and mystery, never clarified by Chanel or her many biographers. Hal Vaughan exposes the truth of her wartime collaboration and her long affair with the playboy Baron Hans Günther von Dincklage—who ran a spy ring and reported directly to Goebbels. Vaughan pieces together how Chanel became a Nazi agent, how she escaped arrest after the war and joined her lover in exile in Switzerland, and how—despite suspicions about her past—she was able to return to Paris at age seventy and rebuild the iconic House of Chanel.

**LSD, My Problem Child** - Albert Hofmann 2005

This is the story of LSD told by a concerned yet hopeful father, organic chemist Albert Hofmann. He traces LSDs path from a promising psychiatric research medicine to a recreational drug sparking hysteria and prohibition. We follow Dr. Hofmanns trek across Mexico to discover sacred plants related to LSD, and listen in as he corresponds with other notable figures about his remarkable discovery. Underlying it all is Dr. Hofmanns powerful conclusion that mystical experience may be our planets best hope for survival. Whether induced by LSD, meditation, or arising spontaneously, such experiences help us to comprehend the wonder, the mystery of the divine in the microcosm of the atom, in the macrocosm of the spiral nebula, in the seeds of plants, in the body and soul of people. Now, more than sixty years after the birth of Albert Hofmanns problem child, his vision of its true potential is more relevant, and more needed, than ever.

**Education Around the Globe** - Tonya Huber 2021-01-01

International Education Inquiries is a book series dedicated to realizing the global vision of The United Nations' (2015) Transforming Our World: The 2030 Agenda for Sustainable Development. As resolved by the UN General Assembly (on 25 September 2015; see UN, 2015 October): The 17 Sustainable Development Goals and 169 targets which we are announcing today demonstrate the scale and ambition of this new universal Agenda. They seek to build on the Millennium Development Goals and complete what they did not achieve. They seek to realize the human rights of all and to achieve gender equality and the empowerment of all women and girls. They are integrated and indivisible and balance the three dimensions of sustainable development: the economic, social and environmental. The United Nations' goals and targets will stimulate action over the next decade in areas of critical importance for humanity and the planet... We are determined to end poverty and hunger, in all their forms and dimensions, and to ensure that all human beings can fulfil their potential in dignity and equality and in a healthy environment. This vision includes to "ensure inclusive and equitable quality education and promote lifelong learning opportunities for all" (SDG4, UN, 2017). The founding co-editors seek to provide a forum for the diverse voices of scholars and practitioners from across the globe asking questions about transforming the vision of Education 2030 into a reality. Published chapters reflect a variety of formats, free of methodological restrictions, involving disciplinary as well as interdisciplinary inquiries. We expect the series will be a leading forum for pioneers redefining the international professional knowledge base about the people, places, and perspectives shaping Education 2030 outcomes and the meaning of global citizen education (UNESCO, 2015). Education 2030 topics of interest include, but are not limited to the following: • Improving access to quality early childhood development, care, and pre-primary education. • Ensuring equal access for all women and men to affordable and quality education. • Increasing the number of youth and adults who have skills relevant for sustainable living and livelihoods. • Ensuring equal access for the vulnerable, including persons with disabilities, indigenous peoples, and children in vulnerable situations. • Achieving levels of literacy and numeracy required to engage in communities and employment. •

Acquiring the knowledge and skills needed to promote sustainable development, including: education for sustainable development and sustainable lifestyles, human rights, gender equality, promotion of a culture of peace and non-violence, global citizenship education, and the appreciation of cultural diversity and of culture's contributions to sustainable development. • Providing safe, non-violent, inclusive and effective learning environments for all. • Recruiting, preparing, supporting, and retaining quality teachers.
