Songs of Wales for Fingerstyle Guitar - Luke Edwards 2021-12-17

In this unique solo fingerstyle guitar collection, Luke Edwards presents 17 melodies from the Celtic nation of Wales, The Land of Song, sheep and dragons and birthplace of Merlin the wizard. With arrangements derived from ancient to more modern traditional tunes, this book provides a glimpse into a fascinating musical culture. Often overlooked in comparison to neighboring Scotland and Ireland, the music of Wales is rich and multifaceted. This book covers a variety of traditional Welsh genres including hymns, lullabies,

hornpipes, fiddle tunes, and even a selection from The Robert Ap Huw Manuscript of 1340, the oldest known example of harp music in the world. As all of the arrangements were made in guitar-friendly keys in either standard or drop-D tuning, they can be readily combined into sets for performance. Written in both standard notation and tablature, historical notes and complete right and left-hand fingerings are provided throughout. Recommended for the intermediate to advanced guitarist, the collection includes access to online audio.

Excellence in Teacher Education - Linda Darling-Hammond 1992

This monograph examines issues that will shape teacher education programs in the future. Following a foreword by Robert M. McClure, the monograph is organized into three chapters. The first, "Perestroika and Professionalism: The Case for Restructuring Teacher Preparation" (Linda Darling-Hammond), focuses on changes wrought by school restructuring, i.e., the creation of learner-centered schools, and implications for changes in the teacher's role and consequently for teacher education. The second, "Learning from the 'New' Schools: Lessons for Teacher Education" (Gary A. Griffin), discusses school-level issues in restructuring, rethinking, and re-enacting teacher education. The final chapter, "The Case for Restructuring Teacher Preparation" (Arthur E. Wise), espouses seven propositions to promote education reform: (1) intensive teacher education; (2) rigorous teacher certification and licensing standards; (3) increased teacher involvement in decision-making processes that affect how they teach; (4) teacher unions with a better balance between inherent responsibilities to protect members and long-term responsibility for advancing the profession; (5) teacher professionalism that demands an accountability system; (6) improved teachers' salaries and working conditions; and (7) more attention to the less fortunate of teachers' clientele. The Highlander Folk School - Aimee Isgrig Horton 1989

This book reviews the history of the Highlander Folk School (Summerfield, Tennessee) and describes school programs that were developed to support Black and White southerners involved in social change. The Highlander Folk School was a small, residential adult education institution founded in 1932. The first section of the book provides background information on Myles Horton, the founder of the school, and on circumstances that led him to establish the school. Horton's experience growing up in the South, as well as his educational experience as a sociology and theology student, served to strengthen his dedication to democratic social change through education. The next four sections of the book describe the programs developed during the school's 30-year history, including educational programs for the unemployed and impoverished residents of Cumberland Mountain during the Great Depression; for new leaders in the southern industrial union movement during its critical period; for groups of small farmers when the National Farmers Union sought to organize in the South; and for adult and student leadership in the emerging civil rights movement. Horton's pragmatic leadership allowed educational programs to evolve in order to meet community needs. For example, Highlander's civil rights programs began with a workshop on school desegregation and evolved more broadly to prepare volunteers from civil rights groups to teach "citizenship schools," where Blacks could learn basic literacy skills needed to pass voter registration tests.

Beginning in 1958, and until the school's charter was revoked and its property confiscated by the State of Tennessee in 1961, the school was under mounting attacks by highly-placed government leaders and others because of its support of the growing civil rights movement. Contains 270 references, chapter notes, and an index. (LP)
