It contains a wide variety of material, both formal and informal, literary and practical. The tabular layout is designed for maximum ease of

reference, with sample contexts and English equivalents for each French item. There are two indexes of French and English words.

[The Rejection of Consequentialism](#) - Samuel Scheffler 1994-08-11

In contemporary philosophy, substantive moral theories are typically classified as either consequentialist or deontological. Standard consequentialist theories insist, roughly, that agents must always act so as to produce the best available outcomes overall. Standard deontological theories, by contrast, maintain that there are some circumstances where one is permitted but not required to produce the best overall results, and still other circumstances in which one is positively forbidden to do so. Classical utilitarianism is the most familiar consequentialist view, but it is widely regarded as an inadequate account of morality. Although Professor Scheffler agrees with this assessment, he also believes that consequentialism seems initially plausible, and that there is a persistent air of paradox surrounding typical deontological views. In this book, therefore, he undertakes to reconsider the rejection of consequentialism. He argues that it is possible to provide a rationale for the view that agents need not always produce the best possible overall outcomes, and this motivates one departure from consequentialism; but he shows that it is surprisingly difficult to provide a satisfactory rationale for the view that there are times when agents must not produce the best possible overall outcomes. He goes on to argue for a hitherto neglected type of moral conception, according to which agents are always permitted, but not always required, to produce the best outcomes.

[Greenland Mummies](#) - Jens Peder Hart Hansen 1991-03-01

How did they die? Why were they buried together? What had been the nature of their culture and beliefs? How had they survived in the harsh Arctic climate? To solve this icy mystery, a team of archaeologists, historians, and medical specialists used modern, innovative investigative techniques. They carried out their detective work with keen scholarly curiosity, combined with respect for these people of the past. While many puzzles have been answered, others remain unsolved. The investigation has revealed that the younger child was buried alive at the age of only

six months, while the other, two and a half years old, had been born with Down's syndrome. Analysis of the hair of the mummies revealed evidence of air pollution at levels similar to those of today. Speculating on reasons for a mass grave -- a form of burial the Inuit normally used only because of some catastrophe -- the researchers have reconstructed the possible events of the past. The contents of the grave shed light on the every-day life of these people, allowing the investigators to place this evidence within the larger context of Thule culture and knowledge of Inuit contact with the Norse settlements which dotted the outer margins of Greenland during the medieval era. The Greenland Mummies brings the compelling story of this fervent collaboration to the attention of the world. Not only does it provide a fascinating and insightful look into the life and culture of the Inuit in the fifteenth century, it offers an impressive testament to one of the most successful archaeological investigations ever conducted.

The timeless, bestselling four-part epic that began with the Pulitzer Prize-winning Lonesome Dove takes readers into the lives of Augustus McCrae and Woodrow Call, two tough-as-nails Texas Rangers in the heyday of the Old West. Dead Man's Walk As young Texas Rangers, Augustus McCrae and Woodrow Call--"Gus" and "Call" for short--have much to learn about survival in a land fraught with perils: not only the blazing heat and raging tornadoes, roiling rivers and merciless Indians, but also the deadly whims of soldiers. On their first expeditions--led by incompetent officers and accompanied by the robust, dauntless whore known as the Great Western--they will face death at the hands of the cunning Comanche war chief Buffalo Hump and the silent Apache Gomez. They will be astonished by the Mexican army. And Gus will meet the love of his life. Comanche Moon Texas Rangers August McCrae and Woodrow Call, now in their middle years, are still figuring out how to deal with the ever-increasing tensions of adult life--Gus with his great love, Clara Forsythe, and Call with Maggie Tilton, the young whore who loves him--when they sign up to pursue the Comanche horse thief Kicking Wolf into Mexico. On this mission their captain, Inish Scull, is captured by the brutally cruel Mexican bandit Ahumado, and Gus and Call must come to the rescue, with the aid of new friends including Joshua Deets, Jake Spoon, and Pea Eye Parker, as well as the renowned Kickapoo tracker, Famous Shoes. Lonesome Dove Gus and Call, now retired from the Texas Rangers and settled in the border town of Lonesome Dove running the Hat Creek Cattle Company, are visited by their old friend Jake Spoon, who convinces Gus and Call to gather a herd of cattle and drive them north to Montana in order to start a cattle ranch in untouched territory. Gus is further motivated by a desire to see the love of his life, Clara Allen (nee Forsythe), who now lives with her children and comatose horse-trader husband in Ogallala, Nebraska. On the way to Montana they travel through wild country full of thieves, murderers, and a lifetime's worth of unforgettable adventure. Streets of Laredo Woodrow Call is back in Texas, a Ranger once again and a general gun-for-hire, but

increasingly a relic as the westward sprawl of the railroads rapidly settles the once lawless frontier. Hired by a railroad tycoon to hunt down a dangerous bandit named Joey Garza, Call sets out once again with a hapless Yankee named Ned Brookshire who works for the railroad company that hired Call. Call's old friend Pea Eye Parker--who initially refused to join the expedition because of his family--sets off with the Kickapoo tracker Famous Shoes to try to catch up with Call, until he runs into troubles of his own. The long pursuit of Garza leads them all across the last wild stretches of the West into a hellhole known as Crow Town and, finally, into the vast, relentless plains of the Texas frontier.

Citizen Welles - Frank Brady 2023-04-25

George Orson Welles (1915-1985) is considered to be among the greatest and most influential filmmakers of all time. At just twenty-five years old, he co-wrote, produced, directed, and starred in his Academy-Award-winning debut film Citizen Kane (1941). His innovative and distinctive directorial style - nonlinear narratives, unusual camera angles, deep focus shots, and long takes - continues to be emulated by directors and cinematographers to this day. The brilliant yet provocative Welles won multiple Grammys, a Golden Globe, and the greatest honor the Directors Guild of America bestows: the D.W. Griffith Award. His final film, The Other Side of the Wind, was released in 2018, 33 years after his death. In Citizen Welles, author Frank Brady presents a comprehensive and complete picture of the artist and auteur. Painstakingly researched, Brady delves into Welles's creative achievements, from his critically acclaimed film Citizen Kane and his controversial radio broadcast The War of the Worlds (1938) to his pioneering stage productions of the classics of Shakespeare, Shaw, and Ionesco; and Welles' starring turn on Broadway in Shaw's Heartbreak House (for which he made the cover of Time). Brady also explores other notable films, including The Magnificent Ambersons (1942), Touch of Evil (1958), and Chimes at Midnight (1965). This all-encompassing work also details the personal side of Welles's life, including his romances with Rita Hayworth and Dolores Del Rio and the confounding tragedy of his final years. Presented is a captivating and compelling encapsulation of the revered and respected artist.
