Love in the Big City - Sang Young Park
2021-11-16

A funny, transporting,

surprising, and poignant novel that was one of the highest-selling debuts of recent years in Korea, *Love in the Big City* tells the story of a young gay man searching for happiness in the lonely city of Seoul. *Love in the Big City* is the English-language debut of Sang Young Park, one of Korea's most exciting young writers. A runaway bestseller, the novel hit the top five lists of all the major bookstores, went into twenty-six printings, and was praised for its unique literary voice and perspective. It is now poised to capture a worldwide readership. Young is a cynical yet fun-loving Korean student who pinballs from home to class to the beds of recent Tinder matches. He and Jaehee, his female best friend and roommate, frequent nearby bars where they push away their anxieties about their love lives, families, and money with rounds of soju and ice-cold Marlboro Reds that they keep in their freezer. Yet over time, even Jaehee leaves Young to settle down, leaving him alone to care for his ailing

mother and to find companionship in his relationships with a series of men, including one whose handsomeness is matched by his coldness, and another who might end up being the great love of his life. A brilliantly written novel that takes us into the glittering nighttime of Seoul and the bleary-eyed morning after with both humor and emotion, *Love in the Big City* is a wry portrait of millennial loneliness as well as the abundant joys of queer life.

Endure - Cameron Hanes 2022-05-17

THE EXPLOSIVE NEW YORK TIMES AND NATIONAL BESTSELLER Push beyond your physical limits to improve yourself by following bowhunter and ultramarathoner Cameron Hanes's lifelong philosophies and disciplines. "It's all mental." I say this all the time, and it's true. If you believe you can do it, you can. We all have

virtually limitless potential. Our bodies are capable of so much more than what we ask of them. Take off the mental handcuffs, get out there, and start on your way today. What is your passion? You can become better at it.

Committing yourself to fitness only fuels your beliefs. You gotta believe to achieve.

Cameron Hanes discovered his true passion for bowhunting when he was twenty. Inspired by the physical challenges of stalking elk in the Oregon wilderness—traversing mountainous terrain, braving erratic weather, and evading his quarry's even more dangerous predators—he began an ever-evolving journey of self-improvement. To become the best bowhunter of wild elk, to the caliber he believed he could be, Cam realized he would need more than archery skills. He would need the stamina and strength that could only come from an athletic training regimen of long-distance running and heavy-weight lifting. And every day for more than thirty years,

Cam has put in the work, building miles and muscles, pushing through pain with a single-minded focus on the only goal worth having—besting himself time and again. Part memoir, part motivational manifesto, *Endure* reveals how Cam—a self-professed average guy—put himself through the paces to live the life of an expert bowhunter, respected writer, and family man. With discipline, sacrifice, resilience, a hard work ethic, and a belief in his own capabilities, Cam not only accomplished his dreams but continues to surpass them. There is no secret to his success except relentless determination and loyal dedication to his own self-worth. If Cam can do it, we all can. Everyone has what it takes to endure adversity so we can rise above average, be the best we can be, and enjoy living life to the fullest.

New England - Carol M. Highsmith 1997

If ever the word "character" fit an American region, it perfectly describes New England: principled, patriotic, conservative here, liberal there, colorful in fall, forbidding in winter. Linked by a common past of colonial settlement and the search for religious and political freedom, these six historic

states—Connecticut, Rhode Island, Massachusetts, Maine, New Hampshire, and Vermont—are as notable today for their differences of terrain and temperament. From Maine's bouldered coast to the mountains of New Hampshire and Vermont, from historic, cultivated Boston to the beautiful Berkshires, New England is a visitor's paradise. Throughout, there is a seemingly endless array of covered bridges, grand hotels, old-fashioned general stores, stone fences, colonial battlefields, and quaint bed-and-breakfast inns. Carol M. Highsmith, eminent photographer, celebrates the diverse and varied landscapes of New England, from architectural masterpieces to majestic sunsets; little villages to lofty mountain peaks; historic lighthouses to living-history museums. Award-winning writer Ted Landphair's lively and informative introduction and captions offer insights into the area's historical roots, cultural vitality, and the distinct

personalities of these six individualistic states. New England: A Photographic Tour explores all the treasures of this picturesque region. It is a wonderful keepsake of a memorable visit, and the ideal gift for anyone who savors unforgettable architecture, the lure of history, and the incomparable natural beauty of the Northeast.

Underwater Dogs - Seth Casteel 2012-10-23

The exuberant, exhilarating photographs of dogs underwater that have become a sensation From the water's surface, it's a simple exercise: a dog's leap, a splash, and then a wet head surfacing with a ball, triumphant. But beneath the water is a chaotic ballet of bared teeth and bubbles, paddling paws, fur and ears billowing in the currents. From leaping Lab to diving Dachshund, the water is where a dog's distinct personality shines through; some lounge in the current, paddling slowly, but others arch their bodies to cut through the water with the focus and determination of a

shark. In more than eighty portraits, award-winning pet photographer and animal rights activist Seth Casteel captures new sides of our old friends with vibrant underwater photography that makes it impossible to look away. Each image bubbles with exuberance and life, a striking reminder that even in the most loveable and domesticated dog, there are more primal forces at work. In Underwater Dogs, Seth Casteel gives playful and energetic testament to the rough-and-tumble joy that our dogs bring into our lives.

[Soviet Seasons](#) - Damon

Murray 2021-09-09

The post-Soviet republics seen over four different seasons, by acclaimed Russian photographer, Instagram sensation and Soviet Cities author Arseniy Kotov In Soviet Seasons, Arseniy Kotov reveals unfamiliar aspects of the post-Soviet terrain in sublime photographs. From snow-blanketed Siberia in winter to the mountains of the Caucasus in summer, these images show how a once powerful, utopian landscape has been affected by the weight of nature itself. This uniquely broad perspective could only be achieved by a photographer such as Kotov. Singularly dedicated to exploring every corner of his country, Kotov often hitchhikes across vast distances. On these journeys he chronicles not only the architectural achievements of the Soviet empire, but also its overlooked or simply undocumented constructions. He writes: "In this book I want to show how beautiful and diverse the cities and nature of this vast region are at different times of the year. I have

traveled widely across Russia and its neighboring countries, where I captured the landscape of post-Soviet cities and witnessed the seasonal changes."
