Religious Education in a Mediatized World - Ilona Nord 2017-05-10

In religious education, digitization and mediatization processes result in the transformation of conventional media formats. This leads to the development of new media

formats, which in turn necessitates a redefinition of the relationship between religious education and the media. Keeping this in mind, this volume first examines the importance of media for specific theological disciplines, and then discusses current media-pedagogical and media-didactic approaches. Later in the book, the authors develop didactic perspectives on various methods; these include internet-based archive work and the use of digital teaching materials. They also deal with current questions regarding religious education, such as inclusion and cyber bullying, etc. Finally, they identify some of the main didactic challenges for religious instruction in a mediatized world. This volume is a plea for a wider understanding of education, and is based in part on a German-Swedish teaching and research cooperation. Following this example, it focuses on a future-oriented networking of plural forms of education. This resource is designed for students of theology and religious sciences as well as for religious education teachers.

**Rhetoric and stylistics** - Joachim Knappe 2008  
Rhetoric and stylistics deal with successful human communication and the arrangement of language in texts. As the most influential of all language-related disciplines, rhetoric has an ancient tradition and is presently experiencing a remarkable revival. Stylistics analyzes the structures of texts with regard to their semantic potential and their function in the life of the individual and in society. The handbook offers surveys of theoretical approaches, forms of linguistic practice and practical contexts from antiquity to the present.

**Gender Representation in Learning**

**Materials** - Abolaji S. Mustapha 2015-08-11  
Representations of gender in learning materials convey an implicit message to students about

attitudes towards culturally appropriate gender roles for women and men. This collection takes a linguistic approach to exploring theories about gender representation within the sphere of education and textbooks, and their effects on readers and students within an international context. In the opening section, contributors discuss theories of representation and effect, challenging the conventional Althusserian model of interpellation, and acknowledging the challenges of applying Western feminist models within an international context. Following chapters provide detailed analyses focusing on a number of different countries: Australia, Japan, Brazil, Finland, Russia, Hong Kong, Nigeria, Germany, Qatar, Tanzania, and Poland. Through linguistic analysis of vocabulary associated with women and men, content analysis of what women and men say in textbooks, and discourse analysis of the types of linguistic moves associated with women and men, contributors evaluate the extent to which gendered

representations in textbooks perpetuate stereotypical gender roles, what the impact may be on learners, and the ways that both teachers and learners interact and engage with these texts.

increasingly extensive discussion of work-life issues for professionals and discusses key aspects in depth. What is work-life integration? What are the specific challenges for professionals? How do they manage their blurred work-life boundaries? How can companies intervene? Internationally leading authors discuss antecedents and individual and organizational outcomes of work-life integration, gender-specific perspectives and challenges as well as the use and usefulness of corporate work-life balance initiatives. In five sections distinguished researchers from across the world present experiences and research findings to provide a compendium of academic and applied research on the work-life integration of professionals. Cutting-edge research and novel theoretical perspectives make this collection a source of knowledge and inspiration for academic and business audiences interested in work-life integration issues in general and in the case of professionals in particular.

**One Hundred Days** - Lukas Bärfuss 2012-10-04  
When Swiss aid worker David Hohl arrives in Rwanda in 1990, he wants to know what it feels like to make a difference. Instead, he finds himself among expats, living a life of postcolonial privilege and boredom, and he begins to suspect that the agency is more concerned with political expedience than improving lives. But are his own motives any more noble? When civil war breaks out and David goes into hiding, he is forced to examine his own relationship to the country he wants to help and to the cosmopolitan Rwandan woman he wants to possess. As the genocide rages over the course of one hundred desperate days, the clear line David has always drawn between idealism and complicity quickly begins to blur.

Sprache als Form. - Michael Bommers 2002-11-14

Der Titel "Sprache als Form" indiziert eine zentrale Programmatik der wissenschaftlichen Arbeiten von Utz Maas, dem der vorliegende Band zum 60. Geburtstag gewidmet ist. Dieser Titel verweist zugleich auf die damit verbundenen Möglichkeiten der Übereinstimmung und des Dissenses. Der Band ist in vier Teile untergliedert. Unter der Überschrift "Sprachliche Form und Theorie" sind Beiträge versammelt, die Problemstellungen

sprachwissenschaftlicher Theoriebildung behandeln. Teil II, "Formbildungen", enthält empiriebasierte Analysen sprachlicher Formbildungen und damit verbundener theoretischer Problemstellungen. Unter Teil III sind Beiträge gruppiert, die die "sprachliche Form im Medium der Schrift" zum Thema haben. Teil IV, "Ränder", schließlich nimmt solche Texte auf, die entsprechende Problemstellungen aus der Perspektive angrenzender Disziplinen behandeln.

Fly Away, Pigeon - Melinda Nadj Abonji 2014  
Fly Away, Pigeon tells the heart-wrenching story of a family torn between emigration and immigration and paints evocative portraits of the former Yugoslavia and modern-day Switzerland. In this novel, Melinda Nadj Abonji interweaves two narrative strands, recounting the history of three generations of the Kocsis family and

chronicling their hard-won assimilation. Originally part of Serbia's Hungarian-speaking minority in the Vojvodina, the Kocsis family immigrates to Switzerland in the early 1970s when their hometown is still part of the Yugoslav republic. Parents Miklos and Rosza land in Switzerland knowing just one word??work." And after three years of backbreaking, menial work, both legal and illegal, they are finally able to obtain visas for their two young daughters, Ildiko and Nomi, who safely join them. However, for all their efforts to adapt and assimilate they still must endure insults and prejudice from members of their new community and helplessly stand by as the friends and family members they left behind suffer the maelstrom of the Balkan War. With tough-minded nostalgia and compassionate realism, Fly Away, Pigeon illustrates how much pain and loss even the most successful immigrant stories contain. It is a work that is intensely local, while grounded in the histories and cultures of two distinctive

communities. Its emotions and struggles are as universal as the human dilemmas it portrays.
